You are receiving this notice as part of the MTA's continuing effort to keep the community apprised of construction activities in support of the West 28<sup>th</sup> Street Substation project.

The MTA's contractor for the W28th Street Substation Project, Skanska E-J Electric 28S Joint Venture, completed the following items this week:

**Main work zone** – secant pile installation, installed noise suppression along drill's compressors and west gate, installed fire hydrant street access gate with signage & indicator light, installed fire hydrant signs and campus map on sidewalk side of work zone

**East work zone** – continued test pits, installed temporary traffic light, closed north sidewalk at 28<sup>th</sup> St and 8<sup>th</sup> Av, install require work zone signage

**Track work** – survey of manholes

Work during the week of March 13<sup>th</sup> will include, but not be limited to:

- Continue installation of secant piles in main work zone
- Fully expand eastern work zone and install signage
- Commence watermain relocation within eastern work zone
- Resume survey of manholes along tracks

## Mobilization & Stage 1 – Installing/Rerouting Utility Lines, Secant Piles

Duration 3.5 months

## Project Status

Contract Awarded: 10/24/2022

- Contractor: Skanska E-J Electric 28S Joint Venture
- Mobilization: 1/16/2023
- Stage 1 work 1/16/2023 to 4/30/2023
- Milestone #1 (restoration of 28 Street): 12/25/2024
- Milestone #2 (Substantial Completion): 9/16/2025
- Final Completion: 12/15/2025

Work hours for the project are 7am to 6pm Monday to Friday, though we anticipate confining the noisiest of work to 8am-4pm.

**The contractor is allowed per DOT permit to work 8am-4pm on weekends, but no noisy work is allowed.**

The MTA is building a new underground power substation at West 28 Street. This will provide dependable and redundant power for the existing system serving the **A**, **C**, **E** subway lines, while also supporting our upgrade to a new train control system which will bring you better, more frequent, and more reliable service.

The community can expect regular communication, throughout the project, including regular construction updates and at key milestones on the [project's webpage](#) and a dedicated email address ([w28thoutreach@mtacd.org](mailto:w28thoutreach@mtacd.org)) to field concerns.

Thank you for your patience while we build this vital public works project.
