SSE #: 0000430550

OPENING/DUE DATE: 05/16/2023

TYPE OF SOLICITATION: IFB

DOCUMENT AVAILABILITY DATE: 04/13/2023

SOLICITATION TITLE: Physical and Chemical Testing of Bus Coolant and Extended Life Coolant for NYCT DOB and MTA Bus Company.

DESCRIPTION: The Work to be performed under this Contract may be briefly described as picking up samples of bus coolant (conventional and extended life) and performing both physical and chemical testing/analysis as directed by the Project Manager and in accordance with NYC Transit Department of Buses (DOB) and MTA Bus Company's (MTABC) Bus Coolant Analysis Program Technical Services Specification (S-79-17-07 Rev. E), and standard industry practices, including all necessary or incidental work, labor and materials. Special attention is directed to those sections in the Technical Services Specifications relating to: creating databases; providing analysis trends, daily reports, critical reports, monthly reports, quarterly reports, and special reports; interfacing with the DOB and MTABC computer systems; making operational recommendations; and, conducting training sessions for the authority and MTABC personnel. Included in the Work and price shall be all pickup, transportation and delivery expenses to and from the Authority as well as all labor, materials, equipment, incidentals and overhead costs and expenses in performing the Work. It is understood that the Authority is acting for itself and MTABC.. The Contractor shall be required to perform all Work in accordance with the Technical Services Specification annexed hereto as part of the Contract Documents. Included in the Work and price shall be all pickup, transportation and delivery expenses from and to the Authority as well as all labor, materials, equipment, incidentals and overhead costs and expenses in performing the Work.
