MTA NYC Transit Adds Stops to S93 Limited

Beginning on Monday, April 9, 2007, MTA New York City Transit will add four new bus stops in each direction on the S93 Limited bus route.

The new stops are on Narrows Road at Richmond Road, Targee Street, Hylan Boulevard and Fingerboard Road. These additions will facilitate transfer connections to the S52, S78, S74/S84, and S76/S86 bus routes.

The S93 Limited connects the College of Staten Island to Bay Ridge, and is primarily used by the college's community. It has an average daily ridership of close to 1,000, and the new stops will increase customers' transfer options to other bus routes.

For more information, customers may call our Travel Information Center at 718-330-1234, from 6 a.m. to 10 p.m. everyday, or log onto our website, www.mta.info to use Trip Planner - a full-feature on-line itinerary planner that can be used at their convenience.
