[Bridges & Tunnels](#)

IMMEDIATE

Second Highest Number of Trips on MTA Bridges and Tunnels Crossings in 2006, with 302 Million

The nine crossings of MTA Bridges and Tunnels handled 302 million trips in 2006, a 0.5% increase over 2005 and the second highest volume in its 70 year operating history, reflecting a strong regional economy. The highest traffic was in 2004 at 302.9 trips.

E-ZPass use continues to grow on one of the largest electronic toll collection systems in the world. A total of 74% of all Bridges and Tunnels traffic used E-ZPass in January, slightly ahead of the previous year. Customers can sign up for E-ZPass at www.e-zpassNY.com; calling 800-333-TOLL; or asking for an application in a cash toll lane at any MTA crossing.

The following is 2006 traffic by facility:

<u>FACILITY</u>	<u>VEHICLES</u>
Verrazano-Narrows Bridge	70,357,332
