MTA LIRR Ronkonkoma Branch Train Service Is Replaced By Buses During The Overnight Of September 20 As Rail Inspection Is Performed

The MTA Long Island Rail Road will provide bus service in place of trains on the Ronkonkoma Branch during overnight/early-morning hours (12:45 AM to 6:30 AM) on Saturday, September 20, while rail inspections are conducted. Four eastbound and four westbound trains operating through the overnight will be canceled between Farmingdale and Ronkonkoma. To minimize inconvenience to our customers, buses will be provided for passengers to complete their trips.

In performing track inspection, LIRR track maintenance crews will utilize a vehicle fitted with ultrasonic technology and electro-magnetic induction test equipment. This bright yellow vehicle, the Sperry Rail Car, is designed to detect internal rail defects otherwise not readily visible to the eye. Track maintenance workers will immediately correct any defects uncovered.

To ensure that our rails are properly maintained, the Sperry Rail Car is used biannually to inspect approximately 500 miles of LIRR track.

Saturday, September 20 Farmingdale to Ronkonkoma

The Sperry Rail Car will be conducting rail tests between Farmingdale and Ronkonkoma between 12:45 AM and 6:30 AM.

Eastbound

Customers on the 12:23 AM, 1:19 AM, 2:46 AM and 4:41 AM trains from Penn Station to Ronkonkoma will transfer to buses at Hicksville for stations Wyandanch through Ronkonkoma. Bethpage and Farmingdale customers will remain on the train to their stations.

Westbound

Customers on the 12:47 AM, 2:16 AM, 3:48 AM and 5:43 AM trains from Ronkonkoma will board buses at stations Ronkonkoma through Wyandanch and transfer to trains at Hicksville to complete their trips. Customers utilizing Bethpage and Farmingdale stations will board normally scheduled trains.

During this testing, customers should anticipate up to 25 minutes additional travel time.
