### MTA LIRR Announces New Discount Fares to Long Island MacArthur Airport in Time For Holiday Travel

For travelers headed to Long Island MacArthur Airport, MTA Long Island Rail Road is offering a new discount ticket package that can get you to the airport terminal door for \$7-\$14 (\$6 to \$11 for seniors). The LIRR's special MacArthur package includes rail ticket and van transportation from Ronkonkoma Station.

"Leave the car at home and let the LIRR eliminate all the highway hassles usually associated with the trip," said LIRR President Helena Williams. "The Railroad is pleased to offer this discount package and introduce more New Yorkers to the advantages of Long Island MacArthur Airport."

Long Island MacArthur is a popular departure point for travelers taking Southwest Airlines and USAirways Express to destinations across the United States with 10 direct routes and connections to most major cities.

"Long Island MacArthur is already the 'no hassle' alternative to other airports in the metropolitan area," said Islip Town Supervisor Phil Nolan. "The Railroad's new package will make it even more convenient to get to and from MacArthur."

"More and more leisure and business travelers from Nassau County and New York City are discovering the advantages of using Long Island MacArthur Airport. This discount package offers one more advantage: an easy, low-cost alternative to traffic," said Commissioner of Aviation Teresa Rizzuto.

The discount package includes one-way rail transportation to or from Ronkonkoma Station and a quick ride (1.5 miles) on a Colonial Transportation Shuttle to and from the airport. Customer's using the special MacArthur package ticket simply hand your LIRR ticket stub to a Colonial driver.

This package is not available at the airport, so customers should purchase the tickets prior to the trip to save time and money. Since tickets are one-way, customer should purchase two in advance for round-trips.

The LIRR's MacArthur package tickets are available at ticket offices or from LIRR self-serve ticket machines under "Getaways & Packages." This ticket is good on off-peak and peak trains; customers can save up to \$4.50 off regular prices.
