Service Advisory for Belmont Stakes

The 140th running of the Belmont Stakes this Saturday afternoon is the event of the weekend and MTA Bus and MTA New York City Transit can help you reach the starting gate in plenty of time for post time and get you back home, too.

MTA Bus will be adding eight buses on the Q110 route starting at 10:00 A.M. on Saturday. Also, service on NYC Transit's Q2 route will be boosted by the addition of six buses to the normal Saturday schedule.

Customer demand will be monitored by bus supervision and, if more buses are needed after the race, additional service will be provided in the late afternoon.

For travel directions to this event, customers may call NYC Transit's Travel Information Center at 718 330 1234 or log on to NYC Transit's on line itinerary service Trip Planner for customized directions at <http://tripplanner.mta.info>.
