IMMEDIATE

Pascack Valley and Port Jervis Train Schedules Change November 7, 2010

Schedules will change on MTA Metro-North Railroad's West of Hudson lines effective Sunday, November 7, 2010.

On the Pascack Valley Line, to provide an earlier off-peak arrival in New York and more regular intervals between trains during the morning off-peak hours, both inbound and outbound, as well as to build intermediate and New York-bound mid-day ridership from Bergen County stations, Metro-North and NJTRANSIT have adjusted weekday off-peak schedules. In addition, one weekend train was adjusted.

Three inbound trains are adjusted as follows:

Train 1620, the 9:32 AM from Spring Valley, will operate 41 minutes earlier, departing Spring Valley at 8:51 AM. This train will make six additional stops in New Jersey before arriving in Hoboken at 10:00 AM, and Penn Station, via Secaucus, at 10:12 AM.

Train 1622, the 11:06 AM from Spring Valley, will now operate 17 minutes earlier, departing Spring Valley at 10:49 AM. This train will now make two fewer stops in New Jersey before arriving in Hoboken at 12:01 PM, and Penn Station, via Secaucus, at 12:24 PM.

Train 1624, the 12:19 PM from Spring Valley, will operate 4 minutes earlier, departing Spring Valley at 12:15 PM. This train will now make two fewer stops in New Jersey before arriving in Hoboken at 1:28 PM, and Penn Station (via Secaucus) at 1:42 PM.

Three outbound trains also are adjusted as follows:

Train 1605, the 8:55 AM from Hoboken/8:47 AM from Penn Station, will make six additional stops in New Jersey before arriving in Spring Valley at 10:10 AM, 16 minutes later than currently.

Train 1607, the 9:30 AM from Hoboken/9:24 AM from Penn Station, will now depart Hoboken at 9:56 AM/Penn Station at 9:46 AM. This train will make four fewer stops in New Jersey before arriving in Spring Valley at 11:09 AM, a five-minute faster trip.

Train 1611, the 11:30 AM from Hoboken/11:24 AM from Penn Station, will now depart Hoboken at 11:13 AM/Penn Station at 11:07 AM. This train will make six additional stops in New Jersey before arriving in Spring Valley at 12:31 PM, a nine-minute slower trip.

On weekends, train 2102, the 7:10 AM from Spring Valley, will now operate three minutes earlier to avoid conflicting with a Bergen County Line schedule change.

The Secaucus Junction connections for two weekday inbound trains also will arrive at Penn Station two minutes later than currently. On the Pascack Valley, train 1612, the 7:12 AM from Spring Valley, now will arrive at Penn Station at 8:30 AM. On the Port Jervis Line, train 58, the 9:20 AM from Port Jervis, will now arrive at Penn Station at 11:44 AM.
