### West of Hudson Regional Transit Access Study Open House Set for July 20, 2010 in Orange County

MTA Metro-North Railroad will hold a third Open House in Orange County to present the latest information on the West of Hudson Regional Transit Access Study. The purpose of the study has been to evaluate options to improve transit services between central Orange County and New York City and to enhance regional transit access to Stewart International Airport (SWF).

The Open House is scheduled for Tuesday, July 20, 2010 from 4 p.m. to 8 p.m. at the Hilton Garden Inn in Newburgh. There will be a presentation at 5:00 p.m. that will be repeated at 7:00 p.m. Metro-North Railroad and the Port Authority of New York and New Jersey, and study partners, will present the preliminary findings of a two-step Alternatives Analysis process.

The two-step detailed screening process has identified a short list of the most viable alternatives. These would be evaluated in greater detail in the next phase of the project. Some of the alternatives that will be identified at the end of this two-step process may be considered for implementation in the near future without the need for DEIS-level analysis.

As part of an extensive outreach effort, this event provides an additional opportunity for the public to provide input on the results of the screening process and allows continued involvement in the project.

Additional information about the study is available at the website: [www.mta.info/mta/planning/whrtas](http://www.mta.info/mta/planning/whrtas). Those needing additional information or wishing to comment on the project can call toll free: 800-897-0302.
