Hayride, Sky Ride, Train Ride: Take Metro-North Railroad to the Thunder Ridge Fall Festival this October

The splendor of autumn is never more spectacular than when seen from the peak of a mountain.

Every weekend in October, Metro-North can take you to Thunder Ridge in Patterson for an afternoon of autumn fun featuring a chairlift ride to an unforgettable view and so much more.

Bring the whole family – and the camera – to enjoy a day at a real farm with animals, a hayride, antique farm equipment and, because it's October pumpkin picking and for youngsters, a daytime haunted house!

Discount scenic chairlift ride up the mountain, all activities, refreshments and free shuttle to and from the train station: adults/seniors, \$20; children 3-12, \$10; children under 3, free. **Admission price is in addition to discounted round-trip rail fare** from your boarding station. **Save an additional 5% on rail fare when you purchase this package through [WebTicket](#).**

Please call **845-878-4100** in advance for weather or [visit the Thunder Ridge website](#). In cases of inclement weather the chairlift may not operate.

Take the [Harlem Line](#) to Patterson Station. The shuttle bus meets the 11:48 AM train from Grand Central to take you to the ski area. Later in the day, a shuttle bus will return you to Patterson Station to meet the 4:50 PM (weekday) or 4:55 PM (weekends) train returning to Grand Central Terminal.

For more information on all Metro-North's autumn getaways, call 212-532-4900 or [visit Getaways](#).
