NYC Transit

IMMEDIATE

### April Weekend Look Ahead for Service Changes at Fulton Street/Broadway-Nassau Complex AC2345

Due to ongoing construction of the Fulton Street Transit Center, the following service changes will be in effect for weekends in April:

April 3-5

- AC trains bypass Broadway-Nassau in both directions.
- No transfers between the AC, 23, and 45 at Fulton Street/Broadway-Nassau.

April 10-12

- No Brooklyn-bound A trains at Broadway-Nassau
- No C service; A trains operate local

April 17-19

- A trains bypass Broadway-Nassau in both directions
- No transfers between the AC, 23, and 45 at Fulton Street/Broadway-Nassau
- No C trains at Broadway-Nassau; C operates between 168th Street and 2nd Avenue F station (from West 4th Street C trains are re-routed to Broadway-Lafayette and 2nd Avenue F stations)

April 24-26

- No Brooklyn-bound A at Broadway-Nassau
- No C trains at Broadway-Nassau; C operates between 168th Street and World Trade Center E station (from Canal Street C trains are re-routed to World Trade Center and will not stop at Chambers Street)
- No 23 trains at Fulton Street

MTA NYC Transit apologizes for any inconvenience to our customers. Service changes at Fulton Street-Broadway Nassau station complex will continue for most weekends through October. As weekends approach, customers should:

- Pick up brochures that detail alternate travel options
- Look for signs and service change posters in stations
- Visit the website at [www.mta.info](http://www.mta.info) and check on "Planned Service Changes" and/or "Current Service Status"
- Sign up for free email or text message alerts at [www.mta.info](http://www.mta.info)
- Follow changes on Twitter at [nyctsubwayscoop](https://twitter.com/nyctsubwayscoop)
- Call Travel Information at 718-330-1234

#### The Fulton Street Transit Center

Some of the work being done at Fulton Street/Broadway-Nassau during these weekends include reinforcing girders over the AC platform. There will also be elevator work, which consists of digging the pits on the AC platform and at least partially constructing the shafts up through all levels of the station. For more information on the construction project itself, log on to [www.mta.info](http://www.mta.info). Once at the home page, click on Capital Construction (under "MTA Agency Links"), then click on Fulton Street Transit Center under Programs.
