### Work on St. George Ferry Terminal Ramps

#### *Bus Gates A and B Relocated*

MTA New York City Transit announces that due to the New York City Department of Transportation (NYCDOT) rehabilitation of bus ramps leading to the St. George Ferry, two bus gates will be temporarily relocated. Beginning 12:01 a.m. Sunday, September 12, Bus Gate A will be closed and buses currently using this gate (S61/91, S62/92, S66 and S78) will be relocated to Bus Station North. Bus Gate B will be closed as well and buses currently using that gate (S76/86, S74/84 and S51/81) will be relocated to the Taxi Stand. Bus scheduling will remain the same during this construction work.

NYCDOT will have signs in place inside the ferry terminal and on bus gates to direct customers to the new locations. The rehabilitation is expected to take approximately one year. This work will also necessitate the closure of the southern half of the Old Viaduct (the current bus exit ramp). Beginning Monday, September 13, pedestrians will have to use the opposite sidewalk to access buses and the terminal.

For more information on this NYCDOT project, customers may call 347-443-2220 or email [ferryrampsliaison@gmail.com](mailto:ferryrampsliaison@gmail.com).

For NYCT Bus customer information, customers may call NYC Transit's Travel Information Center at 718 330 1234 or log on at [www.mta.info](http://www.mta.info).
