Danbury Branch Busing on Weekday Off-Peak and on Weekends Set April to August

Installation of a modern signal system on the Danbury Branch will require MTA Metro-North Railroad to provide bus service instead of trains during off-peak periods from April 4 through August 19, both midday and on weekends.

From Monday through Friday, three southbound and three northbound midday trains will be operated by bus.

Departing Danbury, bus service will replace the 9:37 AM, the 12:21 PM and the 2:54 PM trains to South Norwalk.

Departing South Norwalk, bus service will replace the 8:50 AM through the 4:02 PM trains to Danbury.

On weekends from June 4 through July 9, buses will replace all train service between Danbury and South Norwalk.

Bus service for Bethel, Redding, Branchville, Cannondale, Wilton and Merritt 7, is highlighted in yellow on the April 3, 2011 New Haven Line timetable.

These changes will affect about 100 people on weekdays and about 400 people on weekends.
