### Media Advisory: Catch the Long Island Rail Road – and Maybe a Fly Ball! – with Mets 2011 Baseball

#### *LIRR Service to Mets-Willets Point Station Starts with Season Opener on Friday, April 8*

After a long, cold winter, the New York Mets return to Citi Field on Friday, April 8! They'll take on the Washington Nationals in their home opener. With speedy, reliable service that lets you avoid traffic tie-ups and parking fees, the Long Island Rail Road is the best way to get to the game, and to all Mets home games.

Direct train service to the ballpark is available from Penn Station, Woodside, and all stations on the Port Washington Branch. The ride from Penn Station is just a quick 19 minutes and affords you the company of your fellow Mets fans. The ballpark is just 17 minutes from Great Neck and 27 minutes from Port Washington. For those traveling from Long Island on other branches, fans can reach Citi Field by changing at Woodside, just a five-minute ride from the stadium.

Regularly scheduled Port Washington Branch trains will make stops at the Mets-Willets Point Station throughout the regular season for all games – including weekend games, weeknight games and weekday games. Schedules for opening day and for the first month of Mets baseball action are below.

## Fares

Except for weeknight trains from Penn Station as noted above, all trains to baseball games accept off-peak tickets.

Fans traveling from branches other than the Port Washington Branch who change at Woodside will not need a separate ticket for that leg of the journey. Since Mets-Willets Point is located in Zone 1, tickets to Woodside or Penn Station are valid to Mets-Willets Point as well. However, passengers must retain their ticket stubs and inform ticket collectors of their intention to travel to Mets-Willets Point Stadium. Customers must hold onto their tickets, which may be collected at Mets-Willets Point after they disembark.

The railroad's special Family Fare is a great way for future big leaguers to see their favorite team. Children, ages 5 through 11, can ride for only 75-cents each (in each direction) when tickets are purchased at a ticket office or from a ticket machine, during off-peak hours, when accompanied by an adult paying the regular off-peak fare. Parents with monthly or weekly tickets just pay for the children. Up to four children can travel with each parent (or guardian, 18 or older) at this special rate. The Family Fare is \$1 per child if purchased on-board a train. For travel during peak hours, the child fare is one-half the regular one-way fare. Children under 5 ride for free at all times.

## Opening Weekend – April 9-10 – Busing on Babylon Branch

Mets fans please note: On the weekend of April 9-10, the LIRR will be providing shuttle bus service between Freeport and Babylon on the Babylon Branch while the final work is performed to cut over to a new signal system at Amityville and Wantagh. To avoid busing on Babylon Branch on the weekend of April 9-10, Mets fans are advised to use unaffected stations, including stations on the Port Washington, Port Jefferson or Ronkonkoma Branches. For additional information on the Babylon Branch weekend busing on April 9-10, please see the LIRR's Special Service Notice.

## Save \$30 on Tuesday Game Tickets

The LIRR has teamed up with the Mets for the new "Take the Train Tuesdays at Citi Field" offer where LIRR customers get \$30 off regular priced Mets tickets on Tuesday's. LIRR customers need to mention the code "LIRR" when purchasing tickets to Tuesday games to receive this special discount.

## A Note About Accessibility for the Disabled

The Mets-Willets Point Station is not handicapped accessible. The subway Flushing Line Mets-Willets Point station is accessible via the Queens-bound local platform, with an ADA-compliant ramp connecting to the sidewalk on the south side of Roosevelt Avenue. LIRR Customers with mobility impairments who are traveling to see the Mets should travel to Woodside Station. At Woodside Station, which has elevators, customers should transfer to a Flushing-bound #7 subway train to the Mets-Willets Point subway stop, and then use the ramp to reach Roosevelt Avenue, across from the ballpark. To return to Woodside after the game, customers with mobility impairments should board the #7 subway and travel one stop east to its end point, the

Flushing-Main Street Station. There, after a brief wait on the train, the train will head west to Woodside. This is necessary due to the location of the ramp, which will only permit access to the eastbound platform.
