### Haverstraw-Ossining Ferry Service Resumes Tomorrow

In a sure sign that spring must be just around the corner, Metro-North Railroad's ferry service between Haverstraw and Ossining, provided under contract by NY Waterway, is resuming tomorrow, Tuesday, February 15. Buses have served passengers on this route since ice clogged the Hudson River on January 24.

The commuter ferry service is synchronized with express trains serving Ossining, providing a more convenient trip for riders on the west side of the Hudson River.

A similar ferry-rail link between Newburgh and Beacon, further north on the Hudson River, currently is using buses because of river ice. For more information about the ferries, and about other connecting services operated in conjunction with Metro-North, go to [mta.info/mnr](http://mta.info/mnr) and click on the Connecting Services link.
