Service Advisory: Credit/Debit Card Transactions at MetroCard Vending Machines Unavailable During Overnight Hours Saturday, April 30

So that we may perform an annual planned system upgrade, credit/debit card transactions will not be available this coming Saturday, April 30th between the hours of 1 a.m. to 9 a.m., and possibly until noon. This will affect all MetroCard Vending Machines throughout the subway system. During this time, cash purchases will not be affected and will continue to be accepted. We apologize for any inconvenience as we make necessary software upgrades to our system.
