IMMEDIATE

New Port Jervis and Pascack Valley Timetables Effective March 13th

New timetables will go into effect on March 13th for Metro-North's Port Jervis and Pascack Valley Lines. Minor train time adjustments on both lines are reflected in the new schedules.

Some highlights of the schedule changes include:

On the Pascack Valley Line:

The 4:58 PM train departing Hoboken (arriving Spring Valley at 6:09 PM) will depart 2 minutes later at 5 PM to allow for a better connection time at Secaucus Junction with the 4:52 PM train from Penn Station-NY.

Due to a new signal system, the 5:30 PM train from Hoboken will arrive at New York State stations (Pearl River, Nanuet and Spring Valley) between 5 to 6 minutes earlier.

Additional minor train time changes of up to 3 minutes on both peak and off peak Secaucus connections have been made. See a new timetable for exact times.

On the Port Jervis Line:

Customers departing Penn Station-NY at 4:36 PM (to connect with the 4:57 PM from Secaucus Junction) will leave 4 minutes later at 4:40 PM (arriving Secaucus at 4:50 PM).

Other train time adjustments (of up to 3 minutes) can be found in the new timetable.

New timetables will be available in Penn Station-NY, Hoboken and Secaucus Junction, or visit Metro-North's [schedules page](#).
