LIRR Offers Extra Train Service to Mets-Yankees Subway Series at Citi Field July 1, 2 and 3

Avoid Parking Fees and Traffic Hassles – Take the Train to the Game!

With sellout crowds expected for this year's Mets-Yankees subway series at Citi Field, the Long Island Rail Road will offer extra service – fast, convenient and comfortable as always – to the series' three games via its Mets-Willets Point Station on the Port Washington Branch.

Direct train service to the ballpark is available from Penn Station, Woodside, and all stations on the Port Washington Branch. The ride from Penn Station is just a quick 19 minutes. The ballpark is just 17 minutes from Great Neck and 27 minutes from Port Washington. For those traveling from Long Island on other branches, fans can reach Citi Field by changing at Woodside, just a five-minute ride from the stadium. Trains run frequently before, during and after all games. In addition, the 7 subway line also provides frequent service between Mets-Willets Point, Woodside, and Midtown Manhattan.

Schedules – Frequent Service Before, During and After Games

Special LIRR Subway Series timetables are available at MTA.info and are attached to this email. The following tables summarize the LIRR service:

Fares – Children Aged 5 to 11 Travel for Just 75¢

Except for Friday evening trains from Penn Station as noted above, all trains serving Mets-Willets Point for these games will accept off-peak tickets. Travel from any station except Penn Station is considered intermediate travel, and peak/off-peak pricing does not apply.

Fans traveling from branches other than the Port Washington Branch who change at Woodside will not need a separate ticket for that leg of the journey. Since Mets-Willets Point is located in Zone 1, tickets to Woodside or Penn Station are valid to Mets-Willets Point as well. However, passengers must retain their ticket stubs and inform ticket collectors of their intention to travel to Mets-Willets Point Stadium. Customers must hold onto their tickets, which may be collected at Mets-Willets Point after they disembark.

The railroad's special Family Fare is a great way for kids to see their favorite team. Children ages 5 through 11 ride for only 75¢ each (in each direction) when accompanied by an adult paying the regular off-peak fare, if tickets are purchased at a ticket office or from a ticket machine during off-peak hours. Parents with monthly or weekly tickets pay only for the children. Up to four children can travel with each parent (or guardian, 18 or older) at this special rate. The Family Fare is \$1 per child if purchased on-board a train. For travel during peak hours, the child fare is one-half the regular one-way fare. Children under 5 ride for free at all times.

A Note About Accessibility for the Disabled

The Mets-Willets Point Station is not handicapped accessible. The 7 subway line Mets-Willets Point station is accessible via the Queens-bound local platform, with an ADA-compliant ramp connecting to the sidewalk on the south side of Roosevelt Avenue. LIRR Customers with mobility impairments who are traveling to see the Mets should travel to Woodside Station. At Woodside Station, which has elevators, customers should transfer to a Flushing-bound 7 subway train to the Mets-Willets Point subway stop, and then use the ramp to reach Roosevelt Avenue, across from the ballpark. To return to Woodside after the game, customers with mobility impairments should board the 7 subway and travel one stop east to its end point, the Flushing-Main Street Station. There, after a brief wait on the train, the train will head west to Woodside. This is necessary due to the location of the ramp, which will only permit access to the eastbound platform.
