### Weekend Subway Service Advisory for Changes Affecting 1 2 3 4 5 A C D E F G J M N Q R S

Customers may visit our website on the weekends at [www.mta.info](http://www.mta.info) and check out "The Weekender," a new feature which will take over the front page of MTA.info each weekend. The Weekender makes it easy for subway riders to visualize exactly how weekend work will affect subway service. In addition, TripPlanner provides information that takes weekend service diversions into account.

These weekend changes are taking place because of capital construction work on the MTA New York City Transit subway system. This work is part of NYC Transit's ongoing Capital Rebuilding Program aimed at upgrading and maintaining our tracks, stations and signal systems in order to continue to provide our customers with safe and reliable service. For more information on the 2010-2014 Capital Program log on to [www.mta.info/capital](http://www.mta.info/capital). Customers who rely on these lines should allow for additional travel time.
