'Fastrack' Returning to the A C E Lines July 9 - 13

Late Night/Early Morning Shutdown

FASTRACK is returning to the Eighth Avenue Line beginning this coming Monday, July 9th and running for four consecutive weeknights. The A C E Lines will be affected from 10 p.m. until 5 a.m., suspending Eighth Avenue service between 59th Street-Columbus Circle in Manhattan and Jay Street-MetroTech in Brooklyn in both directions.

During this *FASTRACK*, service will operate as follows:

A trains run via the F and D lines between 59th Street-Columbus Circle and Jay Street-MetroTech:

1. On the D line between 59th Street-Columbus Circle and 47th-50th Streets.
2. On the F line between 47th-50th Streets and Jay Street-MetroTech.

E trains are rerouted to the F in Manhattan:

1. E trains run on the F Line between 5th Avenue-53rd Street and 2nd Avenue.
2. The 2nd Avenue F station is the last stop in Manhattan for E trains to and from Queens.
3. There is no train service between World Trade Center and West 4th Street.

C service to Manhattan runs until 9:30 p.m. Brooklyn-bound service runs until 10 p.m.

Customers should use 6th Avenue D and F stations to connect with rerouted A and E trains. Take the 1 2 4 5 6 N and R trains for service to and from lower Manhattan. Take the 1 or 2 for service to and from: 34th Street-Penn Station, Times Square-42nd Street and 42nd Street-Port Authority Bus Terminal.

Benefiting from an uninterrupted work window, Transit employees will be safer and more productive by avoiding the repeated necessity of "clearing up" for trains moving through the area.

In order to accomplish our maintenance tasks we chose four corridors to shut down overnight four times a year between 10 p.m. and 5 a.m. Those corridors all begin at Manhattan's Central Business District (CBD):

- Lexington Avenue 4 5 6 from Grand Central-42nd Street to Atlantic Avenue
- Seventh Avenue 1 2 3 from 34th Street to Atlantic Avenue
- Sixth Avenue B D F M from 59th Street-Columbus Circle to West 4th Street
- Eighth Avenue A C E from 59th Street-Columbus Circle to Jay Street-MetroTech

Only subway line segments with substantial subway alternatives are selected for the overnight shutdowns. So, in addition to nearby lines, there may be other lines running that don't usually operate during the late night hours in order to help accommodate customers. In order to avoid further inconvenience, we will avoid other service diversions in the area affected by the closure. **Our next *FASTRACK* overnight closure will be on the 6th Avenue - B D F M lines on July 23-27.**

System-wide, NYC Transit's weeknight ridership is approximately 250,000. The closures will affect from 10% to 15% of those riders depending on the line segment. When a line segment is closed at night, customers can expect to add 20 minutes to their usual travel time. Alternative transportation options will be detailed in announcements and posters on trains, in stations and on selected buses; brochures will be available in both English and Spanish. Information will also be available on the web at www.mta.info and through social media, email and text alerts.
