Weekend Subway Service Advisory for Changes Affecting 1 3 4 5 7 C D F J M Q

Some Jobs May Work Until Tuesday, May 29

Customers may visit our website at www.mta.info and check out "The Weekender," which takes over the front page of MTA.info each weekend. The Weekender makes it easy for subway riders to visualize exactly how weekend work will affect subway service. In addition, TripPlanner+ provides travel information that takes weekend service diversions into account.

These weekend changes are necessary because of capital construction work on the MTA New York City Transit subway system. This work is part of NYC Transit's ongoing Capital Rebuilding Program aimed at upgrading and maintaining our tracks, stations and signal systems in order to continue to provide our customers with safe and reliable service. For more information on the 2010-2014 Capital Program log on to www.mta.info/capital. **Customers who rely on these lines should allow for additional travel time.**

1

At all times until June 2012, 1 trains bypass the downtown platform at Dyckman Street due to station rehabilitation. Customers wishing to travel downtown are advised to take the uptown 1 train from Dyckman Street to 207th Street and use a free MetroCard transfer to the downtown side.
