Just a two-block walk from Metro-North's New Rochelle train station, Westchester's only indoor amusement park is convenient and packed with five zones of fun. The Fun House Games and Rides area boasts hundreds of arcade games including dance games, sports games and virtual reality games including the MaxFlight roller coaster simulator. Customers can also play games to win prizes from the redemption center or grab friends for a session of lazer tag.

For the more adventurous types-- there is the 185-foot-tall Space Shot launch ride, located on the rooftop of New Roc City.

The Roc n' Bowl area offers 17 lanes and a unique glow-in-the-dark bowling experience. With a full service bar and dining area it's great for groups.

If you prefer the billiards over the bowling, FunFuzion has 25 Brunswick Tournament size pool tables and even four ping pong tables.

The remaining zones of fun include more glow-in-the-dark activity in the form of miniature golf and an indoor electric Go-Kart track known as the Speedway.
