LIRR Advises Customers to Anticipate Delays & Cancellations During This Evening's Rush Hour

Re-Railing, Track Repair and Cleanup Efforts Are Continuing Following Freight Derailment West of Hicksville

LIRR customers are advised to anticipate delays and cancellations during tonight's rush hour, Wednesday, September 16. The LIRR is continuing to operate on only one of two tracks between Westbury and Hicksville due to the New York & Atlantic Railway freight derailment west of Hicksville on Tuesday afternoon.

Similar to Tuesday evening's rush hour, approximately one-third of the LIRR's PM rush hour trains are being cancelled today.

One of the two derailed freight cars is still blocking one of the two tracks that are shared by trains of the Ronkonkoma Branch and Port Jefferson Branch. As a result, the LIRR will be able to operate trains over only one of its usual two tracks between Carle Place and Hicksville. Other branches will be impacted as well, as the railroad works systemwide to readjust its equipment and available train slots within this operating constraint.

All eastbound trains will bypass Carle Place and Westbury. Customers will be able to transfer to a bus at Hicksville for transportation to those stations.

Some regularly scheduled eastbound trains will have added stops at New Hyde Park, Merillon Avenue and Mineola.

All regularly scheduled westbound train service from Port Jefferson, Huntington and Ronkonkoma to Jamaica will be canceled between 3 PM and 8 PM. Customers are advised to use alternate LIRR train service on the Babylon, Montauk and Hempstead Branches.

LIRR crews have been working around the clock since yesterday afternoon to clear the derailed freight cars. Significant progress has been made. Work crews unloaded the construction debris from the freight car that had toppled on to its side, and removed that car and its wheel assemblies from the track area. The track and electrified third rail have been rebuilt in that area. LIRR personnel are continuing to work on the re-railing of the second freight car and the subsequent re-building of the track/third rail in that area, as well.

Customers are urged to monitor the LIRR's website, www.mta.info/lirr, the LIRR's TrainTime App and media reports for service updates. Customers are also advised to subscribe to email and text alerts, follow @LIRR on Twitter, and listen for announcements at stations.

The following trains are canceled this evening:

Port Jefferson Branch

- The 3:27PM train from Penn due Huntington at 4:33PM is canceled. Customers will be accommodated by the 3:43PM train from Penn due Huntington at 4:49PM, stopping at Woodside, Jamaica, Hillside, New Hyde Park and all local stops to Huntington.
- The 5:12PM train from Hunterspoint Ave. due Port Jefferson at 7:00PM is canceled. Customers will be accommodated by the 5:30PM from LIC due Port Jefferson 7:30PM, adding stops at Mineola, Hicksville, Syosset and Cold Spring Harbor.
