### Advisory: Weekend 1 Service Suspended for Maintenance Work

From 11:30 p.m. Friday, September 18 to 5:00 a.m. Monday, September 21, **1** trains will be suspended along the entire line between Van Cortlandt Park-242 St and South Ferry in both directions to accommodate significant maintenance work at multiple locations along the line.

During this service suspension, workers will take advantage of the 24/7 access to complete brick arch repairs at 168 St and 181 St, repairs in the vicinity of 125 St, track panel installation north of 215 St and ongoing Hurricane Sandy recovery work at the South Ferry station. **2** **3** trains will run local between Chambers St and 96 St, and **A** **C** trains as well as M3, M100 and free shuttle buses will provide alternate service at the ends of the line. Customers traveling on the **1** line this weekend are strongly encouraged to use the following travel alternatives and station transfers/connections:

- For service between South Ferry and Chambers St, use free shuttle buses. Transfer between **2** **3** trains and buses at Chambers St. **2** and **3** trains run local in both directions between Chambers St and 96 St, replacing **1** service.
- For service between 96 St and 168 St, use free shuttle buses or the **A** **C** at nearby stations.
- For service between 168 St and 191 St, use M3 or free shuttle buses. Or, use the **A** at nearby stations.
- For Dyckman St, use M100 (free shuttle buses overnight) to/from the Dyckman St **A** station. Transfer between **2** **3** and **A** trains at 59 St-Columbus Circle.
- For 207 St, use the nearby **A** station, and transfer between **2** **3** and **A** trains at 59 St-Columbus Circle.
- For service between 207 St and Van Cortlandt Park-242 St, take free shuttle buses. Transfer between buses and **A** trains at 207 St and between **A** and **2** **3** trains at 59 St-Columbus Circle.
- **3** service operates between Chambers St and 148 St overnight.

The ongoing work on the **1** line is absolutely critical in order to provide safe, reliable service into the future. We understand that these service disruptions are inconvenient to the customers who depend on the **1** train and we appreciate their patience while we complete these important projects. This work is being performed simultaneously during the weekend when ridership is lowest to reduce the impact to our customers.

To ensure that our customers are well-informed of this service suspension and alternative travel options, service notices will be posted in all stations along the **1** line and announcements will be made in stations and onboard all **1** trains. Brochures are also available in both Spanish and English. The most up-to-date information on MTA service status is always available at [www.mta.info](http://www.mta.info). For immediate notice of service changes, sign up for email or text alerts at [www.mymtaalerts.com](http://www.mymtaalerts.com).
