MTA NYCT Service Advisory: No 45 Service Between Manhattan and Brooklyn

Loss of Signals in Joralemon Tube due to Con Ed Power Issue

Due to Con Edison power issues affecting signal power inside the Joralemon Tube, the following service changes are in effect:

- Southbound **4** **5** trains are terminating at Brooklyn Bridge-City Hall and Bowling Green.
- Some 5 trains are running on the **2** line from Nevins St to 149 St-Grand Concourse in both directions.
- Northbound **4** trains are terminating at Atlantic Av-Barclays Center.

2 **3** **4** **5** trains are running with delays in both directions.

Customers heading to Brooklyn can use the **B D N Q R** where they can catch **4** service at Atlantic Av-Barclays Center. The A and F lines can also serve as an alternate for service into Brooklyn. Customers are urged to use any of these lines for service into Manhattan.

Allow additional travel time.
