Many Channels for Services Updates

Information about the additional service noted in this press release, and all planned service changes, is available through the LIRR's real-time service information sources:

Email and text message service updates – Customers are urged to sign up to receive the alerts by visiting [MyMTAAlerts.com](https://mymtaalerts.com). To avoid unwanted messages, a user can tailor the messages to the specific branch, and the specific times of day.

LIRR Train Time app – Customers who use the LIRR Train Time app will see up-to-the-minute status for each upcoming train at each station. As a caution, trains that start out their trips on time may experience delays en route.

MTA.info – The rail tab of the "Service Status" box at the left side of [www.MTA.info](https://www.mta.info) is always the definitive source for the latest status for each branch, updated every minute. In addition, customers can visit www.mta.info/lirr to see special service notices in the upper center of the page.

@LIRR on Twitter – Twitter users can follow @LIRR to receive updates of a similar nature to the email and text alerts, shortened to fit Twitter's format.

The above communications channels can be accessed while at home or on the go. For customers who are located at stations, the LIRR will post the latest service updates on **digital signs** at station platforms and will make **audio announcements** over public address systems, and **on-board announcements** made by train crews.

For those who prefer the **telephone**, information is available from the LIRR's Customer Service Center by calling 511, the New York State Travel Information Line, and saying: "Long Island Rail Road" Those who are deaf or hard of hearing can use their preferred service provider for the free 711 relay to reach the LIRR at 511.
