IMMEDIATE

Weekend Subway Service Advisory

Maintenance and Repair Work Part of Subway Action Plan, Enhanced Station Initiative & Ongoing Capital Construction Work; For Changes Affecting 1 2 3 4 5 6 7 A C D E F J M N R

These weekend service changes are part of **Phase One** of the **NYC Subway Action Plan** and on-going capital construction work on the MTA New York City Transit subway system. NYC Transit's Capital Rebuilding Program upgrades and maintains tracks, stations and signal infrastructure in order to continue to provide our customers with safe and reliable service. For more information on the 2015-2019 Capital Program, click [here](#).

This weekend, work crews will be dispersed throughout the entire subway system to perform a variety of critical tasks in the areas of track replacement and maintenance, signal modernization, station enhancements, electrical upgrades and communication improvements. All of this work is strictly aligned with **Phase One** of the **NYC Subway Action Plan** already in place and set to deliver improvements within one year. Phase One will attack the key drivers of 79% of the major incidents causing delays in the system and focus on the critical components of the system that have the highest incidence of failure.

The **Weekender** is your guide to understanding planned service changes in effect for system maintenance and construction. It makes it easy for subway riders to visualize exactly how weekend work will affect subway service. Customers may visit www.mta.info and check out "The Weekender," accessible by clicking the "[Weekender](#)" tab located within the Service Status Menu.

The "[Weekender for Mobile App](#)" includes MTA Subway Time data and is available for iPhone in the Apple app store, and in the Google Play store for Android devices. This free-to-download app shares the same features as the desktop version, including a subway diagram that displays the service to be provided each weekend, and all service changes. Users can pinch or expand the map to multiple zoom levels, and tap to choose one of three ways to view service diversions: Service by Line, Service by Borough and Service by Station.

Customers can also download the apps at <http://web.mta.info/apps/weekenderApp.html>.

[TripPlanner+](#) provides travel information that takes weekend service diversions into account. In addition, customers can receive customized subway diversion e-mails delivered to their inbox by signing up for the E-mail Subscription Program by clicking [here](#). **Customers who rely on these lines should allow for additional travel time.**

1 2

From 11:45 p.m. Friday, October 20 to 5:00 a.m. Monday, October 23, uptown **1 2** trains run express from Times Sq-42 St to 72 St due to continuous welded rail and track replacement.

2 3
