Press Release July 25, 2017

[MTA Headquarters](#) IMMEDIATE

Statement from Former Federal Railroad Administrator Sarah Feinberg

"A healthy transit system is critical to the economic viability of New York. I applaud Chairman Lhota for putting forward a clear, strategic plan to improve the reliability of the subways and address the most critical issues currently plaguing the system. We have a plan - but in order to be successful that plan now needs resources and partnership from state and local governments. Commuters, travelers and tourists deserve nothing less."
