Subway Service Details for Presidents' Day on Monday, Feb. 19

These weekend service changes are part of the [MTA Subway Action Plan](#), the Enhanced Station Initiative in [Queens](#) and ongoing capital construction work on the MTA New York City Transit subway system. These programs maintain and upgrade track, signal, station and other infrastructure in order to continue to provide MTA customers with safe and reliable service. More information on the 2015-2019 Capital Program is available [here](#).

This weekend, work crews will be dispersed throughout the entire subway system to perform a variety of critical tasks in the areas of track replacement and maintenance, signal modernization, station enhancements, electrical upgrades and communication improvements. All of this work is aligned with the MTA Subway Action Plan, a comprehensive plan to stabilize and modernize the subway system by attacking the key drivers of 79 percent of delay-causing major incidents and strategically targeting additional personnel and equipment to focus on critical parts of the system.

The [Weekender](#) is a digital guide to understanding planned service changes in effect for system maintenance and construction, and makes it easy for customers to visualize exactly how weekend work will affect subway service. The Weekender is accessible through the [MTA website](#) by clicking "The Weekender" tab within the Service Status Menu.

The Weekender is also available as a free app for iPhone and Android devices on the [MTA website here](#). This app shares the same features as the desktop version, including a subway diagram that displays the service to be provided each weekend, and all service changes. Users can pinch or expand the map to multiple zoom levels, and tap to choose one of three ways to view service diversions: Service by Line, Service by Borough and Service by Station.

[TripPlanner+](#) provides travel information that takes weekend service diversions into account. In addition, customers can receive customized subway diversion emails by signing up [here](#). Customers who rely on these lines should allow for additional travel time.

Presidents' Day

In observance of Presidents' Day on Monday, Feb. 19, MTA New York City Transit buses and subways will operate on a Saturday schedule, with planned subway service changes listed below. As a reminder, some subway lines do not run on weekends: there will be no [6](#) [7](#) express service. [B](#) trains will not run, and customers are reminded to use the [J](#) instead of the [Z](#). For details on special services operating on other modes of transportation within the Metropolitan Transportation Authority network click [here](#).
