IMMEDIATE

Weekend Subway Service Advisory for February 8 to 11

Service Changes are Part of Subway Action Plan, Station Repairs and Other Ongoing Maintenance, and Upgrade Work for Improvements on Multiple Lines

These weekend service changes are part of the [MTA Subway Action Plan](#), station improvements in Queens and Manhattan, and ongoing maintenance, repair and upgrade work throughout the MTA New York City Transit subway system to maintain and upgrade track, signal, station and other infrastructure in order to provide customers with safe and reliable service. More information on the 2015-2019 MTA Capital Program is available [here](#).

This weekend, work crews will be dispersed throughout the entire subway system to perform a variety of critical tasks in the areas of track replacement and maintenance, signal modernization, station enhancements, electrical upgrades and communication improvements. All this work is aligned with the MTA Subway Action Plan, a comprehensive plan to stabilize and modernize the subway system by attacking the key drivers of 79 percent of delay-causing major incidents and strategically targeting additional personnel and equipment to focus on critical parts of the system.

For a simple, graphical guide that makes it easy to visualize how this weekend maintenance, upgrade and repair work will affect subway service – and what alternative travel options are recommended – consult The Weekender at web.mta.info/weekender.html. The Weekender is accessible through the [MTA website](#) by clicking the “Weekender” tab within the Service Status Menu, and is also available as a free app for iPhone and Android devices.

[TripPlanner+](#) is an online tool that provides customized travel guidance based on available service and takes weekend service diversions into account. In addition, customers can receive customized subway status emails or texts by signing up at www.MyMTAalerts.com.

At all times until early 2020, trains skip 168 St in both directions due to elevator replacement work. For alternate service take the [A/C](#) at/to this station. Transfer between [1](#) and [A](#) trains at 59 St-Columbus Circle. A free out-of-system transfer with a MetroCard is available between 207 St or 215 St [1](#) and 207 St [A](#). Take the M5 bus to/from 157 St [1](#). During late nights the M5 will run between 168 St and 157 St. This work is part of a [major elevator replacement project](#) at five separate “deep” stations in the Washington Heights section of Manhattan. The [1](#) line part of the 168 St station is 112 years old. Some of the oldest components in these elevators and the accompanying machine rooms are more than 90 years old. When completed, the elevator doors at 168 St [1](#) will open at both the front and rear sides at the lower mezzanine level. The rear passageway behind the elevators at the lower mezzanine level will be reopened in order to improve customer flow. For a graphical guide to these alternate travel directions [click here](#).
