### Take MTA Long Island Rail Road to See Bob Dylan at Forest Hills Stadium on Friday July 8

#### *Moving 'Like a Rolling Stone' with Extra Trains to Forest Hills Station*

MTA Long Island Rail Road has amped up service to Forest Hills Stadium for customers going to see legendary artist Bob Dylan in concert on Friday, July 8. Dylan fans will have numerous opportunities to catch trains before and after the show.

The legendary folk singer/song writer, known for his politically and socially influenced performances in the 60's, returns to Forest Hills Stadium for the first time in 51 years. Dylan and his band will be joined by guest opener Mavis Staples.

Dylan's show begins at 7:00 p.m., with doors opening at 5:30 p.m., and LIRR is making extra stops to Forest Hills Station between 3:00 p.m. and 11:30 p.m. to get customers to and from the stadium. Besides regularly scheduled trains stopping at Forest Hills Station, the LIRR will have an additional seven eastbound and nine westbound trains making stops at Forest Hills.

LIRR customers are reminded that only the first four cars of their train will open at Forest Hills Station. Riders should board the train using one of the first four cars to minimize delays that can occur when passengers have to walk through multiple cars to exit.

Customers are also reminded that tickets will be collected when they arrive at Forest Hills Station, so they should take their tickets with them when leaving the train and have them ready for presentation.

#### **For More Information**

Customers returning to Long Island from the Bob Dylan concert, should board any eastbound train stopping at Forest Hills. Train connections to your final destination will be made at Jamaica Station. Customers may visit <http://web.mta.info/lirr/Timetable/> for all train schedules or may call the LIRR Customer Service Center at 511, the New York State Travel Information Line, and say "Long Island Rail Road," when prompted. For up-to-the-minute service info, download the LIRR's Train Time app or sign up for LIRR service alerts at [www.mymtaalerts.com](http://www.mymtaalerts.com).
