Shifting Lane, Ramp Closures This Weekend at RFK Bridge Bronx Toll Plaza

Roadway Replacement, Surface Pavement Work Necessitate Closures in Both Directions

MTA Bridges and Tunnels will have shifting lane and ramp closures at the Robert F. Kennedy Bridge for both directions in the area after the Bronx toll plaza and approach ramps from 10 p.m. Friday, March 4, to 11 p.m. Sunday, March 6.

The closures are required for full-depth roadway repairs in both directions. The work includes removing and replacing sections of roadway, as well as surface repaving.

Motorists should expect delays and may wish to consider an alternate route.
