How to use OMNY

OMNY is the MTA's contactless fare payment system. OMNY readers are available at every subway entrance and on every bus. Choose the payment method that works best for you.

- Tap your own smartphone or device with a mobile wallet.
- Tap your own contactless credit, debit, prepaid, or pre-tax card.
- Tap an OMNY card, available to buy and fill at stores near you.

OMNY fare cap

OMNY caps your weekly fares at \$34 when you tap the same card or device for every ride. This gives OMNY customers the benefits of a 7-Day Unlimited MetroCard without paying in advance.

Your first tap starts a new seven-day cap. If you spend \$34 within seven days, you ride free for the rest of the cap period. If you spend less, you only pay for the rides you take.

The cap resets every seven days and restarts with your next tap. Express buses, group trips, and transfers do not count toward the cap. The Reduced-Fare cap is \$17.
