

**CONDITIONAL NOTICE OF REDEMPTION
METROPOLITAN TRANSPORTATION AUTHORITY
TRANSPORTATION REVENUE BONDS**

NOTICE IS HEREBY GIVEN to the registered holders of the Transportation Revenue Bonds issued by the Metropolitan Transportation Authority (the “MTA”), as further described in Schedule I attached hereto (the “Refunded Bonds”) that such Refunded Bonds have been called by the MTA for redemption prior to maturity and shall be redeemed on August 9, 2024 (the “Redemption Date”) at the “Extraordinary Optional Redemption Price,”⁺ plus accrued interest thereon to the Redemption Date. Interest on all Refunded Bonds will cease to accrue on the Redemption Date. Redemption of the Refunded Bonds on the Redemption Date is subject to and conditioned upon receipt by the Trustee of money sufficient to pay the Extraordinary Optional Redemption Price, plus accrued interest on the Refunded Bonds on the Redemption Date.

Withholding of a portion of gross payments made within the United States may be required under section 3406 of the Internal Revenue Code of 1986, unless the Trustee has the correct taxpayer identification number (social security or employer identification number) or exemption certificate of the payee. Owners should furnish a properly completed Form W-9 or exemption certificate or equivalent when presenting their Refunded Bonds for payment.

METROPOLITAN TRANSPORTATION AUTHORITY

Dated: June 27, 2024

⁺ The “Extraordinary Optional Redemption Price” is equal to the greater of: (i) 100% of the principal amount of the Refunded Bonds to be redeemed; and (ii) the sum of the present value of the remaining scheduled payments of principal and interest to the maturity date of the Refunded Bonds to be redeemed, taking into account mandatory sinking fund redemptions, not including any portion of those payments of interest accrued and unpaid as of the date on which the Refunded Bonds are to be redeemed, discounted to the date on which the Refunded Bonds are to be redeemed on a semiannual basis, assuming a 360-day year consisting of twelve 30-day months, at the “Treasury Rate,” plus 100 basis points.

The “Treasury Rate” is, as of any redemption date, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) that has become publicly available at least two Business Days prior to the redemption date (excluding inflation indexed securities) (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to the maturity date of the Refunded Bonds to be redeemed; provided, however, that if the period from the redemption date to such maturity date is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year will be used.
