These rates are subject to change. The benefits of this position include, but are not limited to, night and weekend salary differentials, paid holidays, vacation and sick leave, a comprehensive medical plan and a pension plan.

Job Description:

Bus Maintenance Supervisors, supervise Bus Maintainers (Chassis) and other maintenance and transportation titles performing the maintenance, installation, inspection, testing, alteration, shifting, and repair of buses and other automotive vehicles and related bus shop equipment; plan work and monitor production levels and trends; use a computerized information system to access data; perform safety assessments and quality audits; perform diagnoses and troubleshooting of bus systems; research technical problems; perform inspection work and research on new equipment; forecast material, tool and equipment requirements; keep records and write reports; operate a bus for testing, evaluation or instructional purposes; and perform related work.

Some of the physical activities performed by Bus Maintenance Supervisors and environmental conditions they experience are: working outdoors in all kinds of weather; walking in and around bus garages; climbing and walking on fuel, oil and gasoline trucks; making visual inspections of equipment; distinguishing colors; reading gauges and prints; and hearing warnings (bells, whistle and vocal).

Special Working Conditions: Bus Maintenance Supervisors may be required to work various shifts, including nights, Saturdays, Sundays, and holidays.

(This brief description does not include all the duties of this position.)

Eligibility Requirements

Promotional Candidates: This position is open to each employee of MTA Bus Company that is employed in the eligible title of Bus Maintainer (Chassis); and is not otherwise ineligible.

OR

External Candidates: When you apply, you must meet the following requirements:

1. Three years of full-time experience as a journey-level automotive mechanic (i.e., fully trained, proficient, knowledgeable, experienced, and competent) troubleshooting and repairing passenger automobiles, trucks, buses, or aircraft; and
2. One year of full-time experience as a supervisor supervising auto mechanics or mechanics in a closely related trade. This experience must have been obtained after the experience described in “1” above.

For the above journey-level experience to be credited, **it must be preceded** by one of the following:

- A) Two years of full-time experience as a mechanic’s helper, apprentice or trainee performing or assisting in the work described above; or
- B) Graduation from a recognized trade school or technical school, approved by a state’s Department of Education or comparable agency, with a major course of study in automotive mechanics or a closely related field, totaling 600 hours; or
- C) Graduation from a vocational high school, approved by a state’s Department of Education or a comparable agency, with a major course of study in automotive mechanics or a closely related field; or
- D) Graduation from an accredited college or university with an AAS degree or higher in automotive mechanics or a closely related field. Accreditation must be by a regional, national, professional or specialized agency recognized as an accrediting body by the U.S.

If you have qualifying part-time experience, it will be credited on a prorated basis.

The high school, vocational high school, technical school, or trade school must be approved by a State’s Department of Education or a recognized accrediting organization. The college or university must be accredited by regional, national, professional or specialized agencies recognized as accrediting bodies by the U.S. Secretary of Education, and by the Council for Higher Education Accreditation (CHEA).

The following are types of experience that are acceptable: The maintenance, inspection, testing diagnosing, overhauling, rebuilding or repairing of at least two major vehicle systems including: engines and transmissions; axles, suspensions, steering, braking components and systems; driveline or propulsion systems and components; HVAC lighting and electrical systems; microprocessor controllers; Programmable Logic Controllers (PLCs) and multiplex electronic systems; and vehicle energy storage systems.

The following are types of experience that are not acceptable: Auto body and fender repair; auto or truck assembly; dealership make-ready repair; fuel, oil, and lube serving; vehicle inspection; specialty replacement shop work, such as tire, exhaust parts (muffler) or glass replacement; audio or video installation; and salvage and junkyard extraction.

Foreign Education Fact Sheet (required only if you need credit for your foreign education for this examination): If you were educated outside the United States, you must have your foreign education evaluated to determine its equivalence to education obtained in the United States. The services that are approved to make this evaluation, as well as instructions on how to submit this evaluation are listed in the Foreign Education Fact Sheet included with your application packet. When you contact the evaluation service, ask for a “document-by-document” (general) evaluation of your foreign education. Your foreign education evaluation **must** be submitted directly to NYC Transit’s Examinations Unit by the service completing the evaluation. Foreign education evaluations received directly from applicants will **not** be accepted. You can also access the Foreign Education Fact Sheet on our website at http://web.mta.info/nyct/hr/forms_instructions.htm.

Note: If you have earned a higher-level degree in the United States that supersedes the level of education required to meet the qualification requirements, you do not need to submit a foreign education evaluation. However, you must indicate that you have completed the higher-level degree in the United States; proof of acceptance into an academic program or school is not sufficient to determine satisfactory equivalency.

THE TEST

Testing is expected to begin on Saturday, November 2, 2024. The test will consist of three distinct components: a competitive multiple-choice test, a qualifying supervisory abilities assessment and a qualifying report writing assessment. All three components of the test will be given in a single session on the same day. A score of at least 65% is required to pass each test.

Promotional Candidates:

Your score on the competitive multiple-choice test will determine 85% of your final score. Your seniority will determine the remaining 15%. You must pass the competitive multiple-choice test and both the qualifying supervisory abilities assessment and qualifying report writing assessment to have your seniority credited. Your seniority score will be 70 plus 3 points for each year of service in MTA Bus Company or one of the private bus companies consolidated under MTA Bus Company to a maximum of 100% for 10 years or more of eligible service. Your service will be credited through the first date of the competitive multiple-choice test, up to a maximum of 10 years. Partial seniority credit will be given for each day served as an MTA Bus Company employee. Time serviced prior to a break in service of more than one year will not be credited.
