<p>Notes:</p> <p>1 Corresponds to Figures 9-1 through 9-9.</p> <p>2 S/NR eligibility determinations made by the SHPO April and December 2002 and July 2003, and/or NYCL eligibility determinations made by LPC July 2002, based on Historic Resource Inventory Forms prepared for potential historic resources for the Second Avenue Subway. <u>The Apple Bank for Savings (East Harlem APE, No. 10) was subsequently nominated to the S/NR in June 2003.</u></p> <p>3 The MTA Metro-North Harlem-125th Street Station, built in 1896-97, contains a subterranean level that incorporates the station platforms and other elements of the former 1873-74 Harlem Station of the New York Central and Hudson River Railroad. This former station was built within a cut on Park Avenue, with the present MTA Metro-North Harlem-125th Street Station built above it and incorporating the former station structure in its foundations and basements.</p> <p>4 <u>Resource has been added since issuance of the SDEIS.</u></p> <p>5 <u>A station entrance is proposed in the sidewalk bordering the block that contains the Titanic Memorial (220 Water Street). Station ancillary facilities are also proposed for 250 Water Street, which is currently a parking lot and within the South Street Seaport Historic District.</u></p> <p>6 Directly adjacent to the 36th-38th Street Yard.</p> <p>NHL: National Historic Landmark. SR: New York State Register of Historic Places. NR: National Register of Historic Places. S/NR Eligible: Site has been found eligible for listing on the New York State and National Registers of Historic Places. NYCL: New York City Landmark. Pending NYCL: Site has been calendared for a public hearing or heard for designation by the New York City Landmarks Preservation Commission NYCL Eligible: LPC has determined that the site appears eligible for NYCL designation.</p> <p>Potential Effects: A: Location near <u>possible</u> cut-and-cover activities. B: Potential for building underpinning, <u>other protective measures</u>, or ground improvement. C: Location near potential station entrances and <u>ancillary</u> facilities. D: <u>Potential location of station entrances and ancillary facilities.</u></p>
