B&T1294	Senate	Smith, Malcolm A.	Pichardo, Katherine	1/17/2012		Sent notification that starting on Thursday, Jan. 26th, the Army Corps of Engineers will begin requiring multiple daily bridge lifts at the Marine Parkway-Gil Hodges Memorial Bridge. We are required by federal law to raise the bridge for vessels crossing underneath, and because of the Army Corps' dredging project they will need about 12 lifts every day through end of February to cart their material. Drivers are halted for about 15 minutes while the bridge is raised, but traffic is extremely light out there during winter. We're making widespread notifications and will have ample signage.	1/17/2012

MTAHQ 3447	Assembly	Minority Research	Daly, Michael	1/23/2012	Is it not the MTA's responsibility to maintain service stations on its route? Asking this because in recent years when the Spring Valley and Nanuet train stations were updated it was accomplished through a state grant attained by the late Senator Morahan. That is money (possibly over a million dollars) that could have gone to other constituent needs if the MTA updated the stations themselves.	Explanation provided.	1/23/2012
