Dear Speaker Silver:

I am writing to provide you with the MTA's first report required by Chapter 25 of the laws of 2009 which established the Office of Legislative and Community Input.

The report is a compilation of the comments, concerns and recommendations received by the Office, and agency actions taken in response for the period of June 1, 2009 through August 15, 2009. The MTA will post the report on our website at www.mta.info.

As envisioned by Chapter 25, the MTA has begun to reach out to the Legislature and the Permanent Citizens Advisory Committee (PCAC) to provide briefings, tours, answer questions and solicit comments, concerns and recommendations on the MTA's proposed 2010-14 Capital Plan. Any comments, concerns and recommendations received from the Legislature or the PCAC in relation to the MTA's proposed 2010-14 Capital Plan will be included in the next submission of this report. Asked to clarify NYCT policy and to confirm that policy is addressed in operator training.	Confirmed that health aide should have been allowed to board w/o paying and reported that the fare will be refunded. Complaint filed against bus operator; to be called in for re-instruction and disciplined as appropriate. Also pointed out that operators are not to confront customers about fare, but to advise that fare is owed and then record that fare was not paid.	E-mail	8/11/09

(149/3rd/Melrose Ave.) The construction of concrete islands blocking the major intersection at the Hub prevents the previously Bx2 route. NYCT staff will arrange site visit in September.
