Long Island Rail Road Fare Examples

Flat Fares Summary

The Flat Fares Option would condense all LIRR and MNR fare zones into two each: a "City Zone" and a "Non-City Zone".

There would be only three fares for City to City Travel, Non-City to Non-City Travel, and Non-City to City Travel.

Peak and Off-Peak Pricing would be eliminated.

Below is a simple table summarizing what the new fare structure could be under this option.

4% Revenue Yield Scenario - LIRR

Ticket	City to City	Non-City to Non-City	Non-City to City
One-Way	\$8.25	\$7.25	\$14.50
Monthly	\$182.00	\$192.50	\$318.00
Weekly	\$58.25	\$59.75	\$101.75

Note: The Far Rockaway Station would be treated as in the Non-City Zone.

These are examples for illustrative purposes only. Please refer to the public notice, available at new.mta.info/2020hearings, for a full listing of proposals under consideration. The fare and toll proposals in the public notice allow for a range of options to be considered; increases to fares or crossing charges may be less than the maximum amounts specified in the notice.
