

EMPLOYEE IDENTIFICATION AND VERIFICATION CERTIFICATION

The Contractor herein certifies that it has performed adequate background identification/verification checks on those individuals, listed below, who will be performing Work on Railroad property as required by this Contract. Identification may be provided, via a minimum of two (2) personal photo identification documents, establishing the employee's identity. Further, the Contractor certifies that, as part of any identity or background check, no adverse information was discovered that would be of concern to the Railroad as it would relate to the employee or as it would relate to security issues while performing work on Railroad property. If any employees listed below, terminate their employment with the Contractor, the Railroad will be notified immediately. Additionally, if additional employees are required to be added to this list, the Railroad will also be notified.
