Four years of satisfactory full-time experience as a helper or trainee assisting in the performance of inspection, installation, alteration, maintenance, testing or repair of bus, truck, automotive or aircraft electro-mechanical components, such as bodies, engines, transmissions, brakes, electrical or air conditioning systems, or related components or systems; or

4. An associate degree or higher from an accredited college or university in auto-mechanics or a closely related field; or
5. A four-year high school diploma or its educational equivalent, **plus** three years of full-time experience as described in "1" above.

Foreign Education Fact Sheet (required only if you need credit for your foreign education for this examination): If you were educated outside the United States, you must have your foreign education evaluated to determine its equivalence to education obtained in the United States. The services that are approved to make this evaluation, as well as instructions on how to submit this evaluation are listed in the Foreign Education Fact Sheet, which will be attached to this Notice of Examination during the application period.
