Route

The Bx9 routing will not change. The Bx9 route already maintains high ridership and connects to several important destinations and transfer points.

Key connecting routes include: Bx3, Bx7, Bx12 Select Bus Service, Bx36, and Q44 Select Bus Service.

Stops

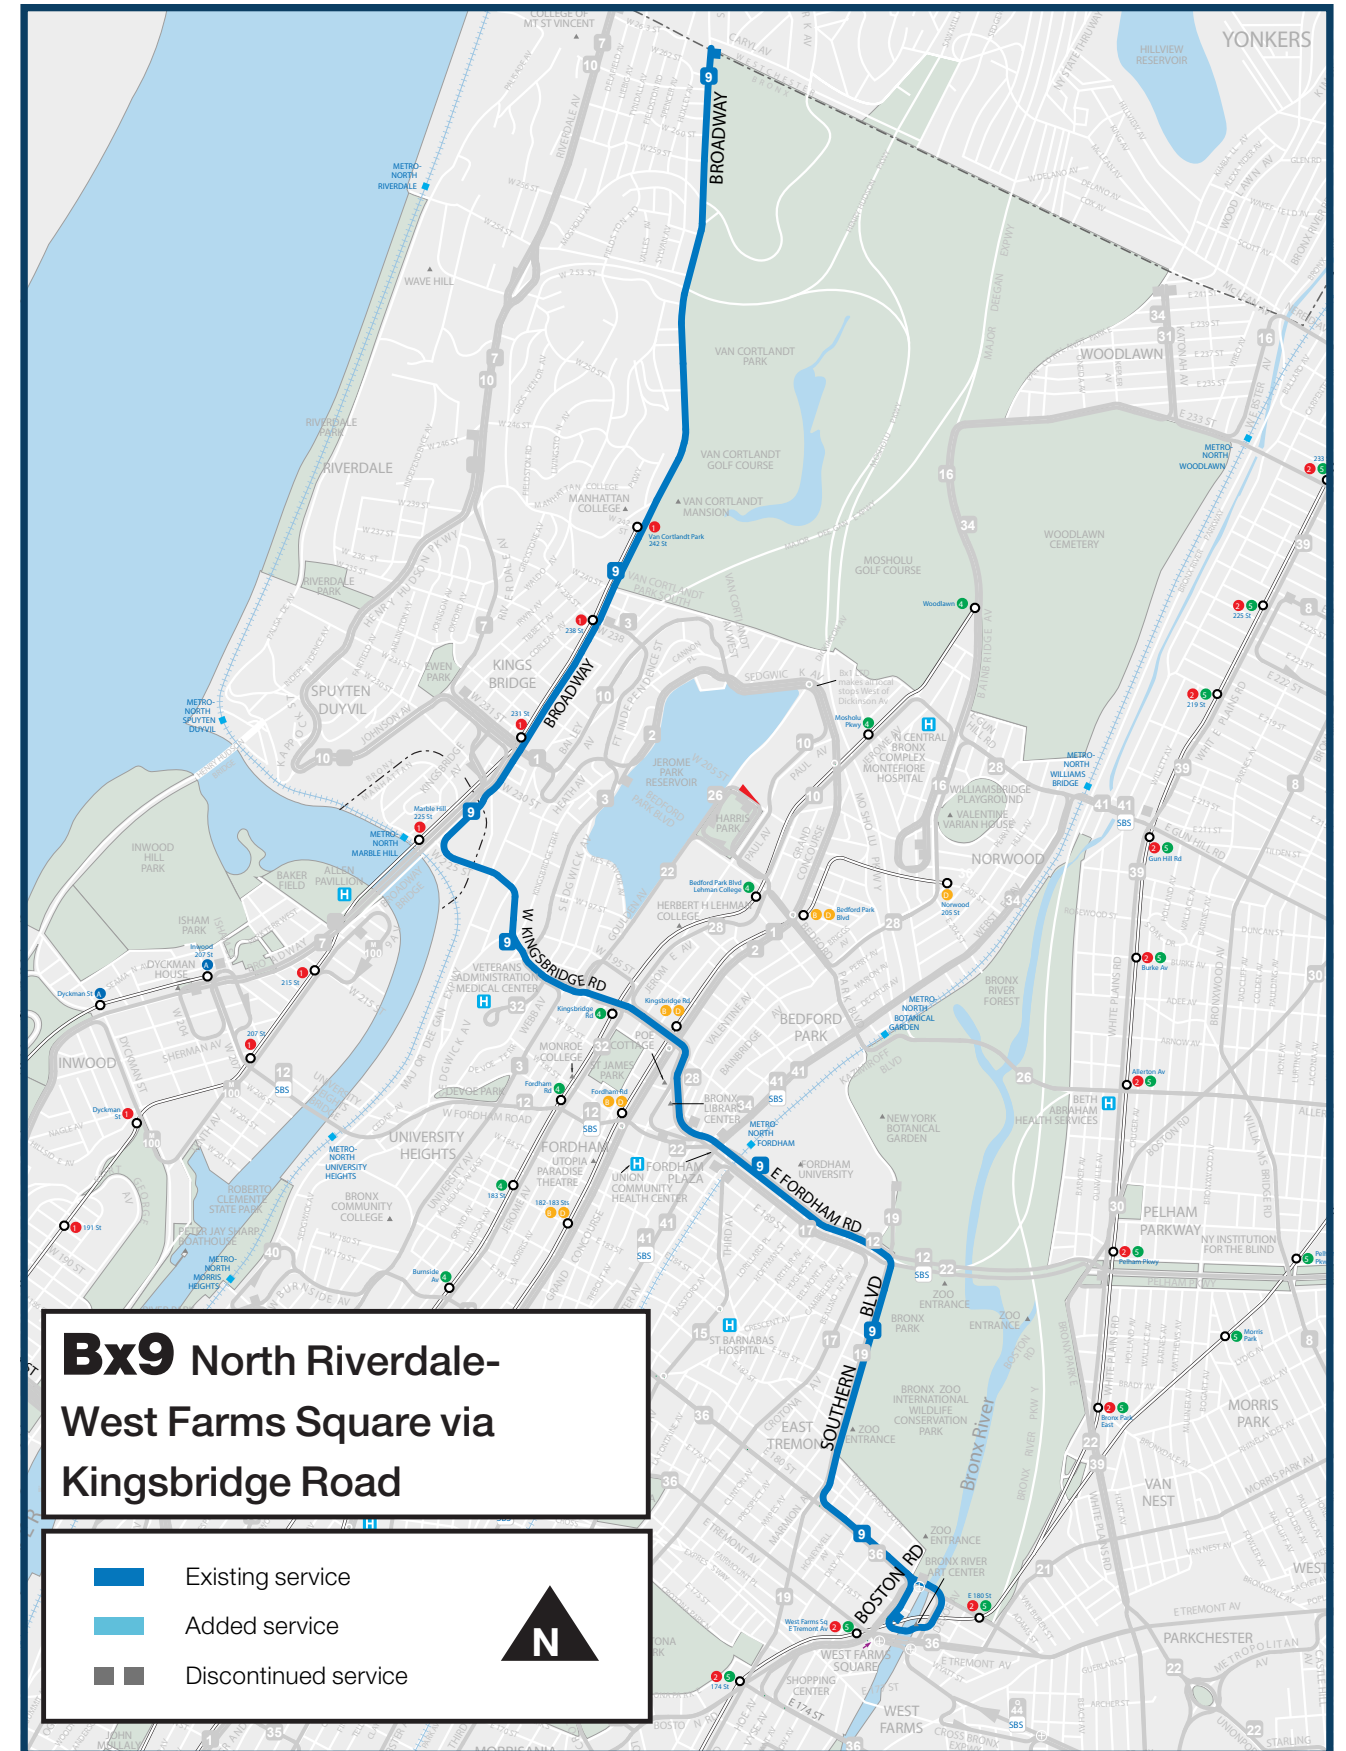

Three percent (2 of 73) of the Bx9 stops will be removed, improving the average distance between stops from 920 feet to 946 feet. By removing these stops, we'll improve reliability along the route.

Schedule

The Bx9 schedule will not change. The Bx9 will have the same service frequency and span as it currently does.
