Small Business Mentoring Program-Tier 2 Application for Admission and Pre-Qualification

INSTRUCTION FORM

GENERAL INFORMATION

The Metropolitan Transportation Authority ("MTA") and its operating agencies ("MTA Agencies") have established a Small Business Mentoring Program-Tier 2 ("SBMP-Tier 2" or the "Program") for construction contractors. A business admitted into the Program will have the opportunity to learn how to do business with MTA and to compete for specific contracts that are designated for the SBMP-Tier 2. The MTA's ultimate goal for the Program is to enlarge the pool of qualified contractors who can successfully compete as prime and subcontractors for projects outside of the Program.

A business applying to the SBMP-Tier 2 must have successfully participated in and completed the MTA's Small Business Mentoring Program ("SBMP-Tier 1").

Participation in the SBMP-Tier 2 will be for a maximum period of four (4) years. The assistance available to Program participants who are ready, willing and able to commit to the Program is designed to help small businesses overcome obstacles frequently encountered in seeking opportunities to do business with the MTA Agencies. This assistance includes:

- A professional construction management firm, under contract with the MTA, will serve as the Construction Manager ("CM") for the Program. The CM will prequalify all applicants, assess firms to establish a bid list for each project, assist firms in applying for loans or bonds and oversee Agency support needed to compete for MTA Agency construction projects and to perform those projects safely, on time and within budget.
- The option to participate in training for technical and business issues (as directed or required by the CM), both general and specific to the needs of the individual SBMP-Tier 2 contractor.
- The opportunity to compete with other selected SBMP-Tier 2 contractors for small construction projects (\$1m to \$3m) that are specifically designated for the Program.
- Access to a third-party loan program to fund the early phases of a SBMP-Tier 2 contract awarded to a SBMP-Tier 2 contractor.
- The MTA's typical insurance requirements for a construction project will be met: i) through the MTA's Owner Controlled Insurance Program ("OCIP") which will provide workers' compensation and general liability insurance coverage for on-site construction activities; and ii) through insurance provided by the SBMP-Tier 2 contractor, such as workers' compensation and general liability insurance coverage for off-site activities and automobile liability insurance.

 Assistance, if needed, for SBMP-Tier 2 contractors competing for or awarded a SBMP-Tier 2 contract to obtain payment bonds and performance bonds from a surety company.

ADMISSION STANDARDS

To be admitted into the Program, the applicant firm must:

- (1) Have successfully completed the MTA's Small Business Mentoring Program (SBMP) which includes participating in the SBMP training program.
- (2) Have been in the business for which application is being made for at least three years.
- (3) Have annual revenues not exceeding \$5 million, averaged over the last three (3) calendar or fiscal year period to be demonstrated by the financial statements and tax returns submitted.
- (4) Not exceed the U.S. Small Business Administration's size standard for its industry.
- (5) Demonstrate that each business owner has a Personal Net Worth not exceeding \$3.5 million.
- (6) Have experience in each trade or as a contractor for which prequalification is applied. To qualify, the applicant firm must have a minimum of two successfully completed commercial construction projects of \$500,000 or higher in the trade or as a contractor within the last three (3) years. Listed below are trades for which MTA has projects in the SBMP-Tier 2.
 - 02000 Sitework
 - 03000 Concrete
 - 04000 Masonry
 - 05000 Metals
 - 06000 Wood and Plastics
 - 07000 Thermal/Moisture Protection
 - 08000 Doors and Windows
 - 09000 Finishes
 - 16000 Electrical
 - 99999 General Contractor
- (7) For each trade for which prequalification is sought, provide at least two projects with references for work performed within the last three years. References for the following are acceptable: a) work performed by the firm, b) work completed by the principals of the firm while performing the role of a project manager or superintendent or higher in the employ of another construction trade, architect, engineering, or construction management firm.

Write your SSN/EIN on every page of this application
SSN/EIN:

- (8) Where applicable to a trade, be appropriately licensed.
- (9) Complete and submit the application, provide any other necessary documentation, and authorize and successfully complete the background investigation process, including but not limited to an integrity review as determined by the Director of the Office of Construction Oversight or his or her designee.
- (10) Have a satisfactory safety record based upon an evaluation of the applicant's responses to the respective items of the application, including as appropriate, the evaluation of the MTA Risk Management, and the relevant results of any background investigation.
- (11) Demonstrate financial solvency, based on, among other things, monthly bank statements and monthly cash flows, in a manner and substance acceptable to the MTA.
- (12) Be capable of obtaining payment and performance bonds for 100% of the project value for SBMP-Tier 2 projects up to \$3 million. Firms that have bonding capacity should provide a letter from the surety confirming current bonding capacity. If requested, the MTA will provide services to assist a firm to apply for bonding capacity through the MTA's bonding program. However, the MTA does not guarantee that the bonding program surety will issue bonds. If the MTA determines initially that a firm is unable to obtain bonding capacity, the firm will not be admitted into the program. If MTA admits a firm into the program but determines over time that the firm is unable to obtain bonding capacity, the firm will be removed from the SBMP-Tier 2.
- (13) Cooperate with the application process and any periodic updates deemed necessary by MTA. Cooperation will require, among other things, the firm's responding in a timely and complete fashion to MTA's inquiries, and providing all required documentation and information, at any time during the pendency of firm's application to or during the firm's participation in the Program.
- (14) Demonstrate a willingness to participate in economic growth, business development and training activities recommended by the MTA.

A small business wishing to participate in the SBMP-Tier 2 must apply for admission and be prequalified by MTA for specific construction industry trades. The application and prequalification process are designed to ensure that participants in the SBMP-Tier 2 have a sufficient foundation of experience, finances, skills, and integrity to obtain bonding and demonstrate that they can perform small MTA Agency projects safely, on time and within budget. A firm that is prequalified and accepted into the SBMP-Tier 2 and meets the requirements for continued participation in the Program, will be eligible to participate in the Program for up to four (4) years.

Firms enrolled in the SBMP-Tier 2 are not eligible to also participate in the MTA's Small Business Mentoring Program ("SBMP"). However, firms in the SBMP-Tier 2 may apply for and elect to participate in the SBFP.

Write your SSN/EIN on every page of this application
SSN/EIN:

Accepted firms in the SBMP-Tier 2 have the option to participate in economic growth, business development and training activities provided by the MTA.

When reviewing a firm's application, MTA's assessment will include a thorough evaluation of a variety of factors, taking into account that the firm is small and is seeking enrollment in the SBMP-Tier 2 to gain the knowledge and experience it will need to do business with MTA. Factors evaluated will include:

- Experience generally and in specific construction industry trades.
- Quality and timeliness of past performance.
- Financial capability.
- Reliability and responsibility.
- Safety record.
- Licensing in the trade, where applicable.
- Certifications under State and Federal programs.
- Record of compliance with wage, hour and State and Federal labor laws.
- Integrity of key persons, affiliates, current and past owners and principals.
- Likelihood that with or without assistance from MTA, the firm will be able to obtain payment and performance bonds for SBMP-Tier 2 projects.

EQUAL OPPORTUNITY

All potentially qualified small construction businesses are encouraged to apply to the Program, including small businesses that are currently participating in mentor programs operated by other public agencies and small businesses that are certified for participation in State and Federal MBE/WBE and DBE programs. The MTA will afford all applicants an equal opportunity for consideration, without discrimination because of race, creed, color, national origin, religion, sex, sexual orientation, age, disability, marital status or other protected classification.

GENERAL INSTRUCTIONS

Please refer to the attached application and prequalification form. The form should be completed on behalf of the Applicant Firm by an individual who is knowledgeable about the past and present operations of the firm and who can obtain any additional required information that is not within his or her direct knowledge.

An Applicant Firm must answer each item on the application. If a particular question does not apply, insert "Not Applicable" (or "NA") as the response. Answers must be legible, preferably typed or, if handwritten, printed in blue or black ink. If the space provided for an answer is insufficient, the Applicant should write on the form in the space for its answer, "See Attached" and provide the answer on a separate sheet of 8-1/2 X 11 paper, which should be attached to the application. The Applicant's name and the number for the item answered should be included at the top of the sheet of paper.

MTA reserves the right to request clarification, additional information and/or additional documentation from the Applicant Firm. By completing and submitting the application, the Applicant authorizes MTA and its Construction Manager to conduct and update a background investigation of the firm including financial, credit, and performance history and integrity, and verification of the information provided. The Applicant Firm understands that this evaluation can occur in connection with the evaluation of the Application and at any time after the Applicant is admitted into the Program and prequalified.

At its discretion, MTA may conduct a periodic review of a SBMP-Tier 2 contractor, including but not limited to requiring the contractor to provide an update of information provided by the contractor and conducting an updated background investigation. The contractor will be required to participate and cooperate with such post-admission review by MTA.

An incomplete application will be rejected and returned to the Applicant Firm and, if the applicable submission deadline has not passed, for completion by the applicable deadline.

The Applicant Firm must send a signed and notarized original of the completed Application, together with other attachments, to the SBDP Prequalification at the following email or regular mail address:

Mail to:
SBDP Prequalification
Metropolitan Transportation Authority
2 Broadway, 2nd Floor
New York, NY, 10004
Telephone: (212) 878-7027
sbdp@mtahq.org

The name of the Applicant Firm must be clearly marked on the envelope. Receipt of an application will be acknowledged by email if the Applicant Firm has specified an email address or, if no email address is specified, by letter. If an Applicant Firm does not receive an acknowledgment, the Applicant Firm should contact the SBMP Prequalification Unit.

You should complete and return the Application as soon as possible, so that your firm may qualify for the initial round of opportunities.

If you have any questions regarding the application process or the Program please contact MTA by using one of the following contacts:

- 1. E-mail: sbdp@mtahq.org
- 2. Telephone: Prequalification Unit at 212-878-7027
- 3. Mailing Address:

- 4. When completely filled-in, email or mail to the address provided with all the required documents.

ELIGIBILITY FOR AWARD OF SBMP-Tier 2 CONSTRUCTION CONTRACTS

MTA anticipates that a firm that is admitted into the SBMP-Tier 2 and is in good standing in the Program will periodically be selected, along with other selected SBMP-Tier 2 firms, to bid for small construction projects that have been designated by MTA for the SBMP-Tier 2 and involve the trades for which the firm has been prequalified. Selection of firms for such competition shall be in MTA's sole discretion. If the firm is invited to compete and is the lowest responsive bidder, before the contract is awarded to the firm, the firm will be required to successfully complete MTA's standard responsibility review, which will include completion of MTA's standard responsibility questionnaire. That review will be broader and more comprehensive than the review which resulted in the firm being admitted into the Program and prequalified for specific trades.

Admission into the SBMP-Tier 2 does not to any extent guarantee that a SBMP-Tier 2 contractor will be afforded the opportunity to compete for one or more SBMP-Tier 2 contracts, or will be awarded any such contract.

REQUALIFICATION

Enrollment in the SBMP-Tier 2 is for a maximum period of four (4) years.

If, during the time a firm is enrolled in the SBMP-Tier 2, the firm becomes aware of a significant or material change in the information contained in the firm's application, the firm must promptly notify the SBMP Construction Manager.

SMALL BUSINESS MENTORING PROGRAM-TIER 2

STATEMENT OF PERSONAL NET WORTH

Each owner of the firm seeking to qualify a firm for enrollment in the Small Business Mentoring Program-Tier 2 ("SBMP-Tier 2") must submit a notarized Statement of Personal Net Worth with appropriate support documentation. If any owner has a personal net worth that exceeds \$3.5 million, the Applicant Firm cannot qualify for the SBMP-Tier 2.

Personal net worth is the net value of the assets of an individual remaining after the total liabilities are deducted. An individual's personal net worth does not include the individual's ownership interest in the Applicant Firm or the individual's equity in his or her primary place of residence. It does include the individual's interest in affiliate firms. An individual's personal net worth includes only his or her share of assets held jointly or as community property with the individual's spouse.

A Statement of Personal Net Worth must be completed for each owner of the firm seeking to qualify a firm for the SBMP-Tier 2.

Each individual submitting a Statement of Personal Net Worth must also submit his or her most recently filed U.S. Individual Income Tax Return, including all schedules and attachments, for the last two years. If the previous year's return is unavailable, the individual must submit his or her most recently filed return, together with a signed copy of the Request for Extension. If the individual is married and filing separately, he or she must also submit the corresponding individual tax returns of his or her spouse.

All information must be submitted to:

Metropolitan Transportation Authority 2 Broadway, 4th Floor New York, NY, 10004 Attention: SBDP Prequalification Unit

PERSONAL PRIVACY PROTECTION LAW NOTIFICATION

The information the Applicant Firm is providing on this form, including information about key persons in the firm, is requested pursuant to the New York State Public Authorities Law for the purposes of the Metropolitan Transportation Authority ("MTA") determining the Applicant Firm's enrollment and continued eligibility for the Small Business Mentoring Program-Tier 2 ("SBMP-Tier 2") and for administering the SBMP-Tier 2 and all related MTA programs and policies. Failure to provide the specified information and authorization requested may, in the sole discretion of the MTA, prevent your firm's enrollment or continued participation in the SBMP-Tier 2. If you are accepted into the SBMP-Tier 2, the information will be kept in a file maintained by MTA's Office of Construction Oversight, or other files maintained under the authority of the MTA. Information which, because of any name, number, symbol, mark or other identifier, can be used to identify a person ("Personal Information"), shall be received, maintained and used by MTA and the SBMP-Tier 2 solely for the above stated purposes and will be protected from public disclosure to the fullest extent permitted by law.
