## Bedford Av

Guide to a faster, reliable trip that avoids possible crowding: alternate service and the Williamsburg Link

April 26, 2019 – Summer 2020

# L service will continue as normal during the busiest times, the main commuting times on weekdays.

On nights and weekends, L service operates around our construction area. This means trains will run less frequently than usual. To help you get around, we're giving you more options in addition to the L by enhancing other subway lines and bus routes.

**Weekdays**  
5 AM to 10 PM — Regular L service reducing 8 PM

**Weeknights**  
10 PM to 1:30 AM — Reduced L service  
1:30 AM to 5 AM — Regular L service

**Weekends**  
6 AM to 1:30 AM — Reduced L service

# L nights and weekends

Plan to use alternate service to avoid crowding.

## Weeknights 10 PM to 5 AM

- Service ramps down at 8 PM to make room for work trains.
- Starting at 10 PM, the L runs every 20 mins between Brooklyn and Manhattan and every 10 mins between Lorimer St and Canarsie-Rockaway Pkwy.

## Weekends 10 PM Fri until 5 AM Mon

- Service ramps down at 8 PM Fridays to make room for work trains.
- From 10 PM Friday through 5 AM Monday, L runs every 20 mins between Manhattan and Brooklyn. Between Lorimer St and Canarsie-Rockaway Pkwy, L runs every 10 mins from 10 PM to 1:30 AM on Friday and from 6 AM to 1:30 AM on Saturday and Sunday.

## If you take the L

- Plan ahead using the MyMTA app. Remember, you might not be able to board the first L train.
- If you're using the L train in Brooklyn, every other L train's last stop is Lorimer St. Listen to announcements and check train displays.
- Bedford Av will be crowded at certain times. Please watch your step and look to NYPD and our team if you need assistance.
- We have you covered. If you swipe your MetroCard into the Subway, but decide to take an alternate route, NYC Transit staff will be there to assist.

# Enhanced M G 7 and bus options

Because the L will run with reduced service nights and weekends, we're enhancing service on the M G and 7. To connect you to these other options, we're implementing the new Williamsburg Link buses and adding M14A service.

During the busiest hours on weekends, while the L runs every 20 mins:

- M every 8 mins
- J every 10 mins
- G every 8 mins
- 7 every 4 mins
- Williamsburg Link every 3 mins each route
- M14A/D combined will run every 3 mins

Taking a combination of these other options to and from Williamsburg will likely mean a faster trip:

Here's a sample of what a weekend trip could look like for you:

Destination	L first train during low ridership times (assumes 10 mins wait)	L during busy ridership times (assumes waiting for second train)	Using alternate subway and bus (Williamsburg Link and/or M14)
To 14 St-Union Sq	19 mins	39 mins	35 mins
To Rockefeller Center	29 mins	49 mins	35 mins
To Grand Central-42 St	27 mins	47 mins	36 mins
To Fulton St	27 mins	47 mins	29 mins

Things to remember while you plan your trip:

- M runs up 6 Av to 96 St-2 Av Q and connects to the M14A at Delancey St/Essex St. You get a free transfer and M14A/D buses operate every 3 mins.
- We'll be running frequent 7 service on weekends, that you can connect to from the G at Court Sq.
- We've reopened entrances at the Metropolitan/Lorimer G L and at Hewes St J M and installed new, wider stairs at Marcy Av, and we've expanded the mezzanine so you have better access to the train.
