

Babylon Branch

This pamphlet shows the proposed December 2022 schedule at the following stations:

Rockville Centre

Baldwin

Freeport

Merrick

Bellmore

Wantagh

Seaford

Massapequa

Massapequa Park

Amityville

Copaugue

Lindenhurst

Babylon

St. Albans and Lynbrook are shown here for the convenience of those who are planning a trip between one of the above stations and St. Albans or Lynbrook. Not all trains serving those stations are shown here — to plan a trip from these stations to Jamaica, Grand Central, or Penn Station, use the West Hempstead Branch or Lynbrook pamphlets, respectively.

Many trains will also stop at Kew Gardens, Forest Hills, or Woodside.

Service Overview

The new schedule for the Babylon Branch takes advantage of the new Massapequa Pocket Track. It allows us to run more trains on the busier western section of the branch while increasing reliability by reducing congestion at Babylon.

Weekday Peak (arriving NYC 6 – 10 AM and departing 4 – 8 PM)

Trains will generally follow two distinct patterns east of Jamaica, with a mix of both Penn Station and Grand Central direct service. All trains will stop at Jamaica.

- Inner zone trains will make all stops to Wantagh.
- Outer zone trains will make their first stop at Wantagh, and then make all stops to Babylon.

Schedules are timed to permit seamless transfers between inner and outer zone trains at Wantagh. There will also be a limited number of through trains between Freeport and Atlantic Terminal.

Off-Peak

At least two trains per hour will run between NYC and Babylon. One train will serve Penn Station and the other will serve Grand Central. Both trains will make all stops between Rockville Centre and Babylon.

In addition, a limited stop train will run between Penn Station and Babylon during most off peak hours, stopping only at Jamaica, Freeport, Bellmore, Massapequa, Amityville, and Babylon. This train is in addition to the two local trains, increasing weekend service over the current schedule (where the limited stop train replaces a local train)

Key to origins and destinations:
