*As of the remarketing and reissuance of the Metropolitan Transportation Authority Transportation Revenue Variable Rate Refunding Bonds, Subseries 2002D-2 (the Subseries 2002D-2 Bonds) on May 25, 2011, the then-current bond counsel to Metropolitan Transportation Authority (MTA) provided an opinion that under then-existing law, relying on certain statements by MTA and assuming compliance by MTA with certain covenants, interest on the Subseries 2002D-2 Bonds is: (a) excluded from a bondholder's federal gross income under the Internal Revenue Code of 1986, (b) not a preference item for a bondholder under the federal alternative minimum tax, although it is included in the adjusted current earnings of certain corporations for purposes of calculating the federal corporate alternative minimum tax, and (c) exempt from personal income taxes of New York State (the State) and any political subdivision of the State, including The City of New York (the City). In connection with the remarketing of the Subseries 2002D-2 Bonds on May 27, 2014, the Subseries 2002D-2 Bonds were redesignated as Transportation Revenue Variable Rate Refunding Bonds, Subseries 2002D-2a (Floating Rate Tender Notes)(the Subseries 2002D-2a Bonds) and Transportation Revenue Variable Rate Refunding Bonds, Subseries 2002D-2b (Floating Rate Tender Notes). Neither current co-bond counsel to MTA nor prior bond counsel is rendering an opinion on the current tax status of the Subseries 2002D-2a Bonds. ## INTRODUCTION

### MTA, MTA Bridges and Tunnels and Other Related Entities

The Metropolitan Transportation Authority (MTA) was created by special New York State (the State) legislation in 1965, as a public benefit corporation, which means that it is a corporate entity separate and apart from the State, without any power of taxation – frequently called a “public authority.” MTA is governed by board members appointed by the Governor, with the advice and consent of the State Senate.

MTA has responsibility for developing and implementing a single, integrated mass transportation policy for MTA’s service region (the MTA Commuter Transportation District or MCTD), which consists of New York City (the City) and the seven New York metropolitan-area counties of Dutchess, Nassau, Orange, Putnam, Rockland, Suffolk and Westchester. It carries out some of those responsibilities by operating the Transit and Commuter Systems through its subsidiary and affiliate entities: the New York City Transit Authority and its subsidiary, the Manhattan and Bronx Surface Transit Operating Authority; the Staten Island Rapid Transit Operating Authority; The Long Island Rail Road Company; the Metro-North Commuter Railroad Company; the MTA Bus Company; and MTA Capital Construction Company. MTA issues debt obligations to finance a substantial portion of the capital costs of these systems.

Triborough Bridge and Tunnel Authority (MTA Bridges and Tunnels), another affiliate of MTA, is a public benefit corporation empowered to construct and operate toll bridges and tunnels and other public facilities in the City. MTA Bridges and Tunnels issues debt obligations to finance the capital costs of its facilities and the Transit and Commuter Systems. MTA Bridges and Tunnels’ surplus amounts are used to fund certain transit and commuter operations and capital projects.

The board members of MTA serve as the board members of MTA’s affiliates and subsidiaries, which, together with MTA, are referred to herein as the Related Entities. MTA and the other Related Entities are described in detail in Part I – MTA Annual Disclosure Statement to MTA’s 2016 Combined Continuing Disclosure Filings (the **MTA Annual Disclosure Statement** or **ADS**), which is included by specific cross-reference in this remarketing circular.

The following table sets forth the legal and popular names of the Related Entities. Throughout this remarketing circular, reference to each agency will be made using the popular names.

## **PART I. SUBSERIES 2002D-2a BONDS**

**Part I** of this remarketing circular, together with the Summary of Terms, provides specific information about the Subseries 2002D-2a Bonds.

### **REMARKETING PLAN**

On April 6, 2017 (the Mandatory Tender Date), (i) the Subseries 2002D-2a Bonds will be subject to mandatory tender for purchase at a purchase price equal to the principal amount thereof; (ii) MTA will amend and restate the Certificate of Determination relating to the Subseries 2002D-2a Bonds to reflect the terms and provisions described herein, including the redesignation of the Subseries 2002D-2a Bonds as the Subseries 2002D-2a-1 Bonds and the Subseries 2002D-2a-2 Bonds; and (iii) the Subseries 2002D-2a Bonds will remain outstanding and bear interest in the Term Rate Mode. The Mandatory Tender Date is also an Interest Payment Date for the Subseries 2002D-2a Bonds, and accrued interest to, but not including, the Mandatory Tender Date will be paid in accordance with customary procedures.

MTA anticipates that the proceeds of the remarketing of the Subseries 2002D-2a Bonds in the amount of \$100,000,000 will be used to pay the Purchase Price of the currently outstanding Subseries 2002D-2a Bonds. The remarketing agents' compensation and certain financing and legal expenses will be paid by MTA at closing from other available funds.

### **DESCRIPTION OF SUBSERIES 2002D-2a BONDS**

#### **General**

**Record Date.** The Record Date for the payment of principal of and interest on the Subseries 2002D-2a Bonds will be the first Business Day preceding each Interest Payment Date.

**Book-Entry-Only System.** The Subseries 2002D-2a Bonds will be registered in the name of The Depository Trust Company, New York, New York, or its nominee (together, DTC), which will act as securities depository for the Subseries 2002D-2a Bonds. Individual purchases will be made in book-entry-only form, in the principal amount of \$5,000 or any integral multiple thereof (Authorized Denominations). So long as DTC is the registered owner of the Subseries 2002D-2a Bonds, all payments on the Subseries 2002D-2a Bonds will be made directly to DTC. DTC is responsible for disbursement of those payments to its participants, and DTC participants and indirect participants are responsible for making those payments to beneficial owners. See **Attachment 1** – “Book-Entry-Only System.”

**Interest Payments.** Interest on the Subseries 2002D-2a Bonds is payable on the first Business Day of each month, commencing May 1, 2017. So long as DTC is the sole registered owner of all of the Subseries 2002D-2a Bonds, all interest payments will be made to DTC by wire transfer of immediately available funds, and DTC's participants will be responsible for payment of interest to beneficial owners.

**Transfers and Exchanges.** So long as DTC is the securities depository for the Subseries 2002D-2a Bonds, it will be the sole registered owner of the Subseries 2002D-2a Bonds, and transfers of ownership interests in the Subseries 2002D-2a Bonds will occur through the DTC Book-Entry-Only System.

**Trustee, Paying Agent and Tender Agent.** The Bank of New York Mellon, New York, New York, is Trustee, Paying Agent and Tender Agent with respect to the Subseries 2002D-2a Bonds.

#### **Determination of Interest Rates for the Subseries 2002D-2a Bonds**

The Subseries 2002D-2a Bonds will bear interest at the Adjusted LIBOR Rate. The Adjusted LIBOR Rate for the Subseries 2002D-2a Bonds will equal the sum of 69% of USD-LIBOR (one-month), plus the per

annum spread set forth on the inside cover page hereof. The Adjusted LIBOR Rate will be determined on the second London Banking Day prior to the first Business Day of each month (each a Rate Determination Date), as further described below. Such Adjusted LIBOR Rate will be effective on the first Business Day of each month (the Rate Adjustment Date). Interest will be computed on the basis of the actual number of days elapsed over a year of 365 or 366 days, as the case may be. The Adjusted LIBOR Rate shall never exceed an interest rate of 9% per annum.

“London Banking Day” is defined as any day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in London, England.

“Reference Banks” shall mean the banks determined in accordance with the terms of the Certificate of Determination.

“USD-LIBOR” means the rate for a Rate Adjustment Date will be the rate for deposits in U.S. Dollars for a period of one month as defined by (A) ICE Benchmark Administration (ICE) or such other entity assuming the responsibility of ICE in calculating the London Inter-Bank Offered Rate in the event that ICE no longer does so, and (B) calculated by their appointed calculation agent and published, as such rate appears: (i) on the Reuters Monitor Money Rates Service page LIBOR01 (or a successor page on such service) or (ii) if such rate is not available, on such other information system that provides such information, in each case as of 11:00 a.m. (London time), on the Rate Determination Date. If such rate does not appear on the Reuters Monitor Money Rates Service page LIBOR01, the rate for that Rate Adjustment Date will be determined using a rate provided by USD-LIBOR-Reference Banks as the applicable floating rate.

“USD-LIBOR-Reference Banks” means that the rate for a Rate Adjustment Date will be determined on the basis of the rates at which deposits in U.S. Dollars are offered by the Reference Banks at approximately 11:00 a.m., London time, on the day that is two London Banking Days preceding that Rate Adjustment Date to prime banks in the London interbank market for a period of one month commencing on that Rate Adjustment Date and in an amount approximately equal to the par amount of the Subseries 2002D-2a Bonds. The Calculation Agent will request the principal London office of each of the Reference Banks to provide a quotation of its rate. If at least two such quotations are provided, the rate for that Rate Adjustment Date will be the arithmetic mean of the quotations. If fewer than two quotations are provided as requested, the rate for that Rate Adjustment Date will be the arithmetic mean of the rates quoted by major banks in the City, selected by the Calculation Agent, at approximately 11:00 a.m., New York City time, on that Rate Adjustment Date for loans in U.S. Dollars to leading European banks for a period of one month commencing on that Rate Adjustment Date and in an amount approximately equal to the par amount of the Subseries 2002D-2a Bonds.

The Bank of New York Mellon is acting as the initial Calculation Agent with respect to the Subseries 2002D-2a Bonds. On the Mandatory Tender Date, the Adjusted LIBOR Rate will be determined by the Calculation Agent based on 69% of USD-LIBOR (one-month) published on Tuesday, April 4, 2017, with the effective date being Thursday, April 6, 2017. Subsequently, the Adjusted LIBOR Rate will adjust monthly on each Rate Adjustment Date, based upon 69% of USD-LIBOR (one-month) published on the second London Banking Day before the first Business Day of each month (rounded upward to the third decimal place when calculated), with the effective date for each adjustment of the Adjusted LIBOR Rate to be effective on the first Business Day of each month. Upon determining the Adjusted LIBOR Rate for a given month, the Calculation Agent will notify MTA of such rate by electronic mail (e-mail) or by telephone or in such other manner as may be appropriate on the date of such determination, which notice, if provided by telephone, will be promptly confirmed in writing. Such notice will be provided by not later than 6:00 p.m. New York City time on the Rate Determination Date.

The determination of the Adjusted LIBOR Rate (absent manifest error) will be conclusive and binding upon MTA, the Owners of the Subseries 2002D-2a Bonds, the Trustee, the Tender Agent and the remarketing agent. If the Adjusted LIBOR Rate will not be established because the USD-LIBOR ceases to be published, the Calculation Agent will substitute for 69% of USD-LIBOR (one month), 69% of the sum of Federal Funds

rate plus .20% per annum. Such Federal Funds rate will be the rate as published by the Board of Governors of the Federal Reserve System on its Table H.15 at the time of determination of the Adjusted LIBOR Rate.

### **Tender and Redemption Provisions for the Subseries 2002D-2a Bonds**

The Subseries 2002D-2a Bonds are subject to tender and redemption prior to maturity on such dates and at such prices as are set forth below.

***Mandatory Tender for Purchase at End of each Term Rate Mode Interest Rate Period.*** The Subseries 2002D-2a Bonds are subject to mandatory tender for purchase on the Business Day after the last day of the initial Interest Rate Period (the Purchase Date) at the Purchase Price. The Purchase Date for the Subseries 2002D-2a-1 Bonds is April 6, 2020. The Purchase Date for the Subseries 2002D-2a-2 Bonds is April 6, 2021.

***No Mandatory Tender for Purchase at the Option of the Issuer.*** The Subseries 2002D-2a Bonds are not subject to mandatory tender for purchase prior to the Purchase Date.

***Purchase Date and Purchase Price.*** The Purchase Price to be paid for the Subseries 2002D-2a Bonds on the Purchase Date will be the principal amount of such Subseries 2002D-2a Bonds. The Purchase Date is also an Interest Payment Date for the Subseries 2002D-2a Bonds, and interest will be paid in accordance with customary procedures.

***No Optional Redemption.*** The Subseries 2002D-2a Bonds are not subject to optional redemption prior to the Purchase Date.

***Mandatory Sinking Fund Redemption.*** The Subseries 2002D-2a Bonds are subject to redemption in part on November 1 of each year and in the respective principal amounts set forth below at 100% of the principal amount thereof, plus accrued interest to the redemption date, from sinking fund installments which are required to be made in amounts sufficient to effectuate such redemptions:

Subseries 2002D-2a-1 Bonds		
	Sinking Fund Redemption Date <u>(November 1)</u>	Sinking Fund <u>Installment</u>
first payment	2029	\$ 5,700,000
	2030	7,850,000
	2031	7,750,000
final maturity	2032	28,700,000

Subseries 2002D-2a-2 Bonds		
	Sinking Fund Redemption Date <u>(November 1)</u>	Sinking Fund <u>Installment</u>
first payment	2029	\$ 5,700,000
	2030	7,850,000
	2031	7,750,000
final maturity	2032	28,700,000

***Credit Toward Mandatory Sinking Fund Redemption.*** MTA may take credit toward mandatory Sinking Fund Installment requirements as follows, and if taken, thereafter reduce the amount of term Subseries 2002D-2a Bonds otherwise subject to mandatory Sinking Fund Installments on the date for which credit is taken:

- If MTA directs the Trustee to purchase or redeem Subseries 2002D-2a Bonds with money in the Debt Service Fund (at a price not greater than par plus accrued interest to the date of purchase), then a credit of 100% of the principal amount of bonds purchased will be made against the next Sinking Fund Installment due.
- If MTA purchases or redeems term Subseries 2002D-2a Bonds with other available moneys, then the principal amount of those bonds will be credited against future Sinking Fund Installments in any order, and in any annual amount, that MTA may direct.

***State and City Redemption.*** Pursuant to the MTA Act, the State or the City, upon providing sufficient funds, may require MTA to redeem the Subseries 2002D-2a Bonds as a whole at the time and at the price and in accordance with the terms upon which such Subseries 2002D-2a Bonds are otherwise redeemable.

***Notice of Mandatory Tender for Purchase.*** The Trustee will, at least fifteen (15) days prior to the Purchase Date, give notice to the Owners of the mandatory tender for purchase of the Subseries 2002D-2a Bonds that is to occur on that date. So long as DTC is the Securities Depository for the Subseries 2002D-2a Bonds, such notice will be given to DTC. If the Subseries 2002D-2a Bonds are not held in book-entry-only form, such notice will be given directly to the bondholders.

Notice of any mandatory tender of Subseries 2002D-2a Bonds will be provided by the Trustee or caused to be provided by the Trustee by mailing a copy of the notice of mandatory tender by first-class mail to each Owner of Subseries 2002D-2a Bonds at the respective addresses shown on the registry books. Each notice of mandatory tender for purchase will identify the reason for the mandatory tender for purchase and specify:

- the Purchase Date,
- the Purchase Price,
- the place and manner of payment,
- that the Owner has no right to retain such Subseries 2002D-2a Bond, and
- that no further interest will accrue from and after the Purchase Date to such Owner.

Any notice mailed as described above will be conclusively presumed to have been duly given, whether or not the Owner of any Subseries 2002D-2a Bonds receives the notice, and the failure of that Owner to receive any such notice will not affect the validity of the action described in that notice. Failure by the Trustee to give a notice as provided under this caption will not affect the obligation of the Tender Agent to purchase the Subseries 2002D-2a Bonds subject to mandatory tender for purchase on the Purchase Date.

***Redemption Notices.*** So long as DTC is the securities depository for the Subseries 2002D-2a Bonds, the Trustee must mail redemption notices to DTC at least 30 days before the redemption date. If the Subseries 2002D-2a Bonds are not held in book-entry-only form, then the Trustee must mail redemption notices directly to bondholders within the same time frame. A redemption of the Subseries 2002D-2a Bonds is valid and effective even if DTC's procedures for notice should fail. Beneficial owners should consider arranging to receive redemption notices or other communications to DTC affecting them, including notice of interest payments through DTC participants. Please note that all redemptions are final – even if beneficial owners did not receive their notice, and even if such notice had a defect.

***Redemption Process.*** If the Trustee gives notice of redemption, then on the redemption date the Subseries 2002D-2a Bonds called for redemption will become due and payable. After the redemption date, no interest will accrue on those Subseries 2002D-2a Bonds, and a bondholder's only right will be to receive payment of the redemption price upon surrender of those Subseries 2002D-2a Bonds.

### **Future Remarketing of Subseries 2002D-2a Bonds**

MTA currently plans to remarket the Subseries 2002D-2a Bonds on the Purchase Date, and apply the proceeds of such remarketing to pay the Purchase Price of the Subseries 2002D-2a Bonds. The remarketing agent to be appointed by MTA will offer for sale and use its best efforts to find purchasers for all Subseries 2002D-2a Bonds required to be tendered for purchase.

### **Source of Funds for Purchase of Subseries 2002D-2a Bonds**

On or before 3:00 p.m. on the Purchase Date, the Tender Agent will purchase the Subseries 2002D-2a Bonds from the Owners at the Purchase Price. Funds for the payment of such Purchase Price will be derived solely from immediately available funds transferred by the remarketing agent to the Tender Agent derived from the remarketing of Subseries 2002D-2a Bonds.

Notwithstanding the foregoing, MTA has the option, but will not be obligated, to transfer immediately available funds to the Tender Agent for the payment of the Purchase Price of any Subseries 2002D-2a Bond tendered or deemed tendered as described in this remarketing circular and the Purchase Price of which is not paid on the Purchase Date. None of MTA, the Trustee, the Tender Agent nor the remarketing agent will have any liability or obligation to pay or, except from remarketing proceeds, make available the Purchase Price. The failure to pay the Purchase Price for any Subseries 2002D-2a Bonds that have been tendered or deemed tendered for purchase from any of the sources identified above will not constitute an Event of Default under the Transportation Resolution and in the case of such failure, none of the Subseries 2002D-2a Bonds will be purchased and the Subseries 2002D-2a Bonds will remain in the Term Rate Mode bearing interest at 9% per annum. See “—Consequences of a Failed Remarketing.”

### **Delivery of Remarketed Subseries 2002D-2a Bonds**

Except as otherwise required or permitted by DTC’s book-entry-only system, remarketed Subseries 2002D-2a Bonds sold by a remarketing agent will be delivered by the remarketing agent to the purchasers of those Remarketed Bonds by 3:00 p.m. on the Purchase Date.

### **Delivery and Payment for Purchased Subseries 2002D-2a Bonds; Undelivered Subseries 2002D-2a Bonds**

Except as otherwise required or permitted by DTC’s book-entry-only system, remarketed Subseries 2002D-2a Bonds purchased as set forth above will be delivered (with all necessary endorsements) at or before 12:00 noon on the Purchase Date at the office of the Tender Agent in New York, New York; provided, however, that payment of the Purchase Price of any remarketed Subseries 2002D-2a Bonds purchased will be made only if such Subseries 2002D-2a Bonds so delivered to the Tender Agent conform in all respects to the description thereof in the notice of tender. Payment of the Purchase Price will be made by wire transfer in immediately available funds by the Tender Agent by the close of business on the Purchase Date or, if the bondholder has not provided or caused to be provided wire transfer instructions, by check mailed to the bondholder at the address appearing in the books required to be kept by the Trustee pursuant to the Transportation Resolution. If Subseries 2002D-2a Bonds to be purchased are not delivered by the bondholders to the Tender Agent by 12:00 noon on the Purchase Date, the Tender Agent will hold any funds received for the purchase of those Subseries 2002D-2a Bonds in trust in a separate account uninvested, and will pay such funds to the former bondholders upon presentation of the Subseries 2002D-2a Bonds. Undelivered Subseries 2002D-2a Bonds are deemed tendered and cease to accrue interest as to the former bondholders on the Purchase Date if moneys representing the Purchase Price will be available against delivery of those Subseries 2002D-2a Bonds at the Principal Office of the Tender Agent; provided, however, that any funds so held by the Tender Agent that remain unclaimed by the former holder of any such Subseries 2002D-2a Bonds not presented for purchase for a period of two years after delivery of such funds to the Tender Agent will, to the extent permitted by law, upon request in writing by MTA and the furnishing of security or indemnity to the

Tender Agent's satisfaction, be paid to MTA free of any trust or lien and thereafter the former holder of such Subseries 2002D-2a Bonds may look only to MTA and then only to the extent of the amounts so received by MTA without any interest thereon and the Tender Agent will have no further responsibility with respect to such moneys or payment of the Purchase Price of such Subseries 2002D-2a Bonds. The Tender Agent will authenticate replacement Subseries 2002D-2a Bonds for any undelivered Subseries 2002D-2a Bonds which may then be remarketed by the remarketing agent.

### **Consequences of a Failed Remarketing**

In the event that remarketing proceeds are insufficient to pay the Purchase Price of all Outstanding Subseries 2002D-2a Bonds on the Purchase Date, (1) no purchase will be consummated on the Purchase Date and the Tender Agent will, after any applicable grace period, (a) return all tendered Subseries 2002D-2a Bonds to the registered owners thereof and (b) return all remarketing proceeds to the remarketing agent for return to the persons providing such moneys; and (2) the Subseries 2002D-2a Bonds will bear interest at 9% per annum during the period of time from and including the Purchase Date to (but not including) the date that all such Subseries 2002D-2a Bonds are successfully remarketed (the Delayed Remarketing Period).

On each Business Day following the failed remarketing on the Purchase Date, MTA expects to continue to have the remarketing agents use their best efforts to remarket the Subseries 2002D-2a Bonds into the Interest Rate Period designated by the Trustee, at the direction of MTA (or such other Interest Rate Period as the Trustee, at the direction of MTA, will thereafter designate to the remarketing agent and the prospective owners thereof). Once the remarketing agent has advised the Trustee that it has a good faith belief that it is able to remarket all of the Subseries 2002D-2a Bonds, the Trustee, at the direction of MTA, will give notice by mail to the registered owners of the Subseries 2002D-2a Bonds not later than five Business Days prior to the new purchase date, which notice will state (i) that the interest rate on the Subseries 2002D-2a Bonds will continue to be a Term Rate or will be adjusted to a Daily Rate, Weekly Rate or Fixed Rate or to the interest rates and Interest Rate Periods applicable in the Commercial Paper Mode on and after such purchase date; (ii) that the Subseries 2002D-2a Bonds will be subject to mandatory tender for purchase on such purchase date; (iii) the procedures for such mandatory tender; (iv) the purchase price of such Subseries 2002D-2a Bonds on the new purchase date (expressed as a percentage of the principal amount thereof); and (v) the consequences of a failed remarketing.

During the Delayed Remarketing Period, the Trustee may, upon direction of MTA, apply available amounts to the redemption of the Subseries 2002D-2a Bonds as a whole or in part on any Business Day during the Delayed Remarketing Period, at a redemption price equal to the principal amount thereof, together with interest accrued thereon to the date fixed for redemption, without premium. Notice of redemption will be provided at least five Business Days prior to the date fixed for redemption.

During the Delayed Remarketing Period, interest on such Subseries 2002D-2a Bonds will be paid to the registered owners thereof (i) on the first Business Day of each month occurring during the Delayed Remarketing Period and (ii) on the last day of the Delayed Remarketing Period. Payment of such interest will be made by the Trustee from the Debt Service Fund pursuant to the Transportation Resolution.

During any Delayed Remarketing Period, pursuant to its plan of financing, MTA currently expects to use its best efforts to cause the remarketing agents to remarket such Subseries 2002D-2a Bonds, to convert such Subseries 2002D-2a Bonds to another Mode or another Interest Rate Period or to refund such Subseries 2002D-2a Bonds.

### **Bond Insurance**

The existing Municipal Bond Insurance Policy (the Policy) that was issued at the time of the original issuance of the Subseries 2002D-2a Bonds will continue to insure the Subseries 2002D-2a Bonds. The Policy guarantees the scheduled payment of principal of and interest on the Subseries 2002D-2a Bonds when due, as

set forth in the form of the Policy and endorsement included in **Attachment 4** to this remarketing circular. The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

See **Attachment 4** – “Information Relating to Assured Guaranty Municipal Corp. and Form of Policy” for information regarding Assured Guaranty Municipal Corp., the issuer of the Policy.

#### **Debt Service on the Bonds**

**Table 1** on the next page sets forth, on a cash basis, (i) the debt service on the outstanding Transportation Revenue Bonds, excluding the Subseries 2002D-2a Bonds, (ii) debt service on the Subseries 2002D-2a Bonds and (iii) the aggregate estimated debt service on all Transportation Revenue Bonds to be outstanding after the remarketing of the Subseries 2002D-2a Bonds.

<sup>(4)</sup> Includes debt service on a \$146.5 million draw dated September 20, 2016 on the \$967.1 million Railroad Rehabilitation and Improvement Financing Program loan (the RRIF Loan). MTA delivered its Transportation Revenue Bonds, Series 2015X to evidence its obligation to repay the RRIF Loan. The undrawn balance of the RRIF Loan is \$820.6 million.

<sup>(5)</sup> Debt service has not been reduced to reflect expected receipt of Build America Bond interest subsidies relating to certain Outstanding Bonds; such subsidies do not constitute pledged revenues under the Transportation Resolution.

<sup>(6)</sup> Excludes debt service on the Subseries 2002D-2a Bonds.

<sup>(7)</sup> Figures reflect amounts outstanding on April 6, 2017, the Mandatory Tender Date for the Subseries 2002D-2a Bonds.

## **PART II. SOURCES OF PAYMENT AND SECURITY FOR THE BONDS**

**Part II** of this remarketing circular describes the sources of payment and security for all Transportation Revenue Bonds, including the Subseries 2002D-2a Bonds.

### **SOURCES OF PAYMENT**

#### **Pledged Transportation Revenues**

Under State law, the Transportation Revenue Bonds are MTA's special obligations, which means that they are payable solely from the money pledged for payment under the "General Resolution Authorizing Transportation Revenue Obligations," adopted March 26, 2002 (referred to herein as the Transportation Resolution). They are not MTA's general obligations. Summaries of certain provisions of the Transportation Resolution and the form of the Interagency Agreement have been filed with the MSRB through EMMA as described under "INTRODUCTION – Where to Find Information."

MTA receives "transportation revenues" directly and through certain subsidiaries (currently, MTA Long Island Rail Road, MTA Metro-North Railroad and MTA Bus) and affiliates (currently, MTA New York City Transit and MaBSTOA), and its receipts from many of these sources are pledged for the payment of Transportation Revenue Bonds. MTA and its subsidiaries also receive operating subsidies from MTA Bridges and Tunnels and a number of other governmental sources. The Transportation Resolution provides that Owners are to be paid from pledged revenues prior to the payment of operating or other expenses, and as described in more detail below. MTA has covenanted to impose fares and other charges so that pledged revenues, together with other available moneys, will be sufficient to cover all debt service and operating and capital costs of the systems. See "Factors Affecting Revenues – Ability to Comply with Rate Covenant and Pay Operating and Maintenance Expenses" below.

**Table 2** sets forth the following for the five years ended December 31, 2015:

- by general category, the amount of pledged revenues (calculated in accordance with the Transportation Resolution). A general description of the pledged revenues in the general categories referenced in **Table 2** follows the table, and a more detailed description is set forth in Part 2 of the **ADS** under the caption "REVENUES OF THE RELATED ENTITIES," and
- the amount of transit, commuter and MTA Bus operating expenses.

**Table 2** is a summary of historical revenues of MTA and its subsidiaries, MTA Long Island Rail Road, MTA Metro-North Railroad and MTA Bus, and MTA New York City Transit and its subsidiary MaBSTOA on a cash basis. This information in **Table 2** may not be indicative of future results of operations and financial condition. The information contained in the table has been prepared by MTA management based upon the historical financial statements and the notes thereto.

<sup>(1)</sup> Other income in the case of the Transit System includes advertising revenue, interest income on certain operating funds, station concessions, Transit Adjudication Bureau collections, rental income and miscellaneous. Other income in the case of the Commuter System includes advertising revenues, interest income on certain operating funds, concession revenues (excluding Grand Central Terminal and Pennsylvania Station concessions), rental income and miscellaneous. Does not include Superstorm Sandy reimbursement funds.

<sup>(2)</sup> Calculated by subtracting the debt service payments on the Dedicated Tax Fund Bonds from the MTTF Receipts described in Part 3 of the ADS under the caption "DEDICATED TAX FUND BONDS."

<sup>(3)</sup> 2012, 2013, 2014 and 2015 Payroll Mobility Tax Receipts include PMT Revenue Offsets of \$211 million, \$307 million, \$309 million and \$309 million, respectively.

<sup>(4)</sup> Represents investment income on capital program funds held for the benefit of the Transit and Commuter Systems on an accrual basis.

<sup>(5)</sup> Sum of (a) Revenues from MTA Bridges and Tunnels Surplus, (b) Revenues from Governmental Sources (including State and Local General Operating Subsidies and Special Tax-Supported Operating Subsidies), (c) Station Maintenance and Service Reimbursements, (d) City Subsidy for MTA Bus and (e) Revenues from Investment of Capital Program Funds.

<sup>(6)</sup> Debt Service was reduced by approximately \$56 million in 2011, \$59 million in 2012, and \$54 million in each of 2013, 2014 and 2015 to reflect Build America Bonds interest credit payments relating to certain outstanding bonds. Such payments do not constitute Pledged Revenues under the Transportation Resolution. 2013 Debt Service reflects a cash defeasance of \$57.9 million done in December of 2013.

<sup>(7)</sup> 2012 MTA Bus Operating Expenses have been restated higher by \$85 million.

The following should be additionally noted in **Table 2**:

- Decrease in Other Income in 2015 by \$22 million derived from a decrease of \$34 million from MTA New York City Transit mainly due to a deferred Paratransit reimbursement and school subsidy, offset by an increase of \$12 million from the Commuter System.
- MTA receives monthly payments beginning in May of MMTOA Receipts, with the first quarter of the State's appropriation for the succeeding year advanced into the fourth quarter of MTA's calendar year. MTA continues to monitor the effect of not having MMTOA Receipts available during the first quarter of the calendar year to determine if working capital borrowings may be necessary for cash flow needs. MTA has not borrowed for working capital since 2010. MMTOA Receipts increased in each year during the 2011-2014 period due to a more stable economy in accordance with the State's appropriation. In 2015, MMTOA Receipts remained at the same level as in 2014.
- "Urban Tax" collection reflects the activity level of certain commercial real estate transactions in the City. For the past four years, Urban Tax revenues increased due to improvements in commercial real estate transactions in the City.
- Mortgage recording taxes (MRT) consist of two separate taxes: MRT-1, which is imposed on borrowers of recorded mortgages of real property; and MRT-2, which is a tax imposed on the institutional lender. These taxes are collected by the City and the seven other counties within MTA's service area. MRT are used for Transit and Commuter Systems purposes after the payment of MTA Headquarters' expenses and MTA Bus debt service (beginning in 2009). Since 2009, due to declining mortgage recording tax receipts and increasing MTA Headquarters expenses, there have been no Excess Mortgage Recording Tax transfers to the Transit and Commuter Systems after payment of MTA Bus debt service of \$25 million annually.
- DTF Excess decreased in 2012 and 2013 due to lower MTTF Receipts and higher DTF debt service expenses. In 2014, there was an increase in DTF Excess due to higher MTTF Receipts, and 2015 remained at the same levels as the previous year.
- Revenues from Investment of Capital Program Funds – substantially all of the investment income is generated from bond proceeds, such as funds held in anticipation of expenditure on project costs.
- The increase in Transit Operating Expenses in 2012 was largely due to increases in pension costs from NYCERS and Superstorm Sandy related expenses. In 2013, Transit Operating Expenses were nearly flat with an increase of only 0.2%.
- In 2014, increases in Total Operating Expenses resulted predominantly from union contracts settlements. The Total Operating Expenses in 2015 were higher than 2013 as a result of higher wages from union contract settlements, but lower than 2014, which included retroactive payments.

**Table 3** sets forth the Summary of 2016 Final Estimate and 2017 Adopted Budget based on the February Plan prepared by MTA management. The information set forth in **Table 3** is comparable to that set forth in **Table 2** with respect to the years 2011-2015.

## Description of Pledged Revenues

Each of the following revenues is described in more detail in **Part 2** of the **ADS** under the caption “REVENUES OF THE RELATED ENTITIES.” See also **Tables 2** and **3** above for both historical and forecasted results for each category of Pledged Revenues described below.

### *Revenues from Systems Operations.*

- **Fares from the Transit and Commuter Systems.** On January 25, 2017, the MTA Board approved transit and commuter fare increases that went into effect on March 19, 2017.

The base subway, local bus and paratransit fares remained unchanged at \$2.75 per trip and the base express bus fare remained unchanged at \$6.50 per trip. The Pay-Per-Ride MetroCard bonus decreased from 11% to 5%, and the minimum purchase price to receive the bonus remains at \$5.50. Single ride subway and bus tickets remained unchanged at \$3.00. MTA New York City Transit increased the cost of 30-day and calendar monthly unlimited ride MetroCards from \$116.50 to \$121, the cost of a 7-day unlimited ride MetroCard from \$31 to \$32, and the 7-day Express Bus Plus unlimited ride MetroCard from \$57.25 to \$59.50.

At MTA Metro-North Railroad and MTA Long Island Rail Road, all weekly and monthly passes increased 3.75% or less, and monthly tickets no more than \$15. One way tickets have a range of increases due to the need for fares to round to \$0.25 increments. One-way fares into New York City have a range of increases up to 6.45%. Other ticket types such as intermediates, half fares and other discounted tickets may have larger increases up to 10%, again due to the need to round to \$0.25 increments on a low ticket price. For these one-way fares, any increase greater than 6.0% is not more than \$0.50 per ride. Increased fares also apply to UniTickets and MNR-managed connecting services. CityTicket remains unchanged at \$4.25.

- **Other Income.** MTA receives revenues from concessions to vendors and from advertising and other space it rents in subway and commuter rail cars, buses, stations and other facilities. Concession revenues from Grand Central Terminal (the main station for MTA Metro-North Railroad) and Pennsylvania Station (the main station for MTA Long Island Rail Road), however, are not included within these amounts pledged.

**Revenues from MTA Bridges and Tunnels Surplus.** MTA Bridges and Tunnels is required by law to transfer its annual operating surpluses (generally, tolls and other operating revenues from bridges and tunnels after payment of operating expenses and debt service costs) to MTA, and a statutory formula determines how MTA allocates that money between the Transit and Commuter Systems.

On January 25, 2017, the MTA Bridges and Tunnels Board approved toll increases that went into effect on March 19, 2017, as follows:

- **Cash/Tolls by Mail for Passenger Vehicles.** Toll rates for fare media other than New York Customer Service Center (NYCSC) E-ZPass (which includes cash, Tolls by Mail and non-NYCSC E-ZPass) were increased by \$0.50 at the Robert F. Kennedy, Bronx-Whitestone and Throgs Neck Bridges and Queens Midtown and Hugh L. Carey Tunnels (the major facilities) to \$8.50, by \$1.00 at the Verrazano-Narrows Bridge (the VNB) (where tolls are collected in the westbound direction only) to \$17.00, by \$0.50 at the Henry Hudson Bridge to \$6.00, and by \$0.25 at the Marine Parkway-Gil Hodges and Cross Bay Veterans Memorial Bridges (the Rockaway Bridges) to \$4.25. Commercial vehicle tolls also increased.

- ***E-ZPass Tolls.*** E-ZPass tolls for passenger vehicles using tags issued by the NYCSC increased by \$0.22 at major facilities, \$0.44 at the VNB, \$0.10 at the Henry Hudson Bridge and \$0.08 at the Rockaway Bridges.

***Revenues from State and Local Governmental Sources.***

- ***General Operating Subsidies from the State and Local Governments.*** Under the State's Section 18-b program, MTA receives:
  - o subsidies for the Transit System from the State and matching subsidies from the City, and
  - o subsidies for the Commuter System from the State and matching subsidies from the City and the seven counties within the MCTD.
- ***Special Tax-Supported Operating Subsidies.*** MTA receives subsidies from a number of sources including:
  - o portions of the following dedicated taxes pledged but not ultimately needed to pay debt service on MTA's Dedicated Tax Fund bonds:
    - a group of business privilege taxes imposed on petroleum businesses operating in the State, referred to as the PBT,
    - motor fuel taxes on gasoline and diesel fuel, and
    - certain motor vehicle fees administered by the State Department of Motor Vehicles, including both registration and non-registration fees; and
  - o portions of the following mass transportation operating assistance or MMTOA taxes, which State law requires first be used to pay debt service on MTA's Dedicated Tax Fund bonds if the dedicated taxes described above are insufficient:
    - the regional PBT (in addition to the state-wide portion described above), which is referred to as the MMTOA PBT,
    - the sales and compensating use tax within the MCTD,
    - two franchise taxes imposed on certain transportation and transmission companies, and
    - a surcharge on a portion of the franchise tax imposed on certain corporations, banks, insurance, utility and transportation companies attributable to business activities within the MCTD; and
  - o a portion of the amounts collected by the City for the benefit of the Transit System from certain mortgage transfer and recording taxes.

***Additional Taxes and Fees.*** On May 7, 2009, legislation was enacted in the State (the May 2009 Legislation) providing additional sources of revenues in the form of taxes, fees and surcharges to address the financial needs of MTA. The May 2009 Legislation (Chapter 25 of the Laws of 2009) among other things:

- imposed a payroll mobility tax (the PMT) of 0.34% on payroll expenses and net earnings from self-employment within the MCTD (effective as of March 1, 2009, except school districts, effective September 1, 2009);
- imposed a supplemental fee of one dollar for each six-month period of validity of a learner's permit or a driver's license issued to a person residing in the MCTD (effective September 1, 2009);
- imposed a supplemental fee of twenty-five dollars per year on the registration and renewals of registrants of motor vehicles who reside within the MCTD (effective September 1, 2009);

- imposed on taxicab owners a tax of fifty cents per ride on taxicab rides originating in the City and terminating within the MCTD (effective November 1, 2009); and
- imposed a supplemental tax of five percent of the cost of rentals of automobiles rented within the MCTD (effective June 1, 2009).

On December 9, 2011, Governor Andrew Cuomo signed into law legislation (the December 2011 Legislation) that made significant changes to the PMT eliminating or reducing the PMT imposed within the MCTD for certain taxpayers. Employers with payroll expense less than or equal to \$312,500 in any calendar quarter, any public school district, a board of cooperative educational services, a public elementary or secondary school, a school serving students with disabilities of school age and any nonpublic elementary or secondary school that provides instruction in grade one or above are no longer required to pay the PMT, as of the quarter beginning April 1, 2012. In addition, individuals with net earnings from self-employment attributable to the MCTD that do not exceed \$50,000 for the tax year are no longer subject to the PMT. Employers with payroll expense no greater than \$375,000 in any calendar quarter are subject to a reduced tax rate of 0.11%; employers with payroll expense greater than \$375,000 but not greater than \$437,500 in any calendar quarter are subject to a reduced tax rate of 0.23%. Employers with payroll expense in excess of \$437,500 in any calendar quarter will continue to pay a tax rate of 0.34%. The employer rate changes became effective beginning April 1, 2012.

The December 2011 Legislation further expressly provided that any reductions in aid to MTA attributable to these reductions in the payroll mobility tax “shall be offset through alternative sources that will be included in the state budget” (the PMT Revenue Offset).

The 2015-2016 State Enacted Budget included an amendment to the PMT legislation to eliminate the PMT for all public library systems as well as public and free association libraries. This change applies to taxable periods beginning on or after January 1, 2016, which, based on a projection by the New York State Division of the Budget, will result in a decline in PMT revenue by \$2 million per year.

The 2016-2017 State Enacted Budget included an appropriation of \$311 million to MTA for the PMT Revenue Offset. See footnote 5 to **Table 3** and the information relating to the PMT Revenue Offset under the heading “*Changes to the November Plan – New York State Subsidy*” in the third quarter MTA Annual Disclosure Statement Update, dated March 2, 2017, and incorporated herein by specific cross-reference.

The revenues from the PMT (the PMT Revenues) can be: (i) pledged by MTA to secure and be applied to the payment of bonds to be issued in the future to fund capital projects of MTA, its subsidiaries, and MTA New York City Transit and its subsidiary and (ii) used by MTA to pay capital costs, including debt service of MTA, its subsidiaries and MTA New York City Transit and its subsidiary. Subject to the provisions of any such pledge, or in the event there is no such pledge, the PMT Revenues can be used by MTA to pay for costs, including operating costs of MTA, its subsidiaries and MTA New York City Transit and its subsidiary. Under the Transportation Resolution, the PMT Revenues constitute “Operating Subsidies” that are pledged to the payment of principal of and interest on the Transportation Revenue Bonds to the extent not required to be applied to the payment of debt service on bonds issued in the future by MTA that are secured in whole or in part by the PMT Revenues.

The revenues from other taxes and fees imposed by the May 2009 Legislation (the Aid Trust Account Monies) may be pledged by MTA or pledged to MTA Bridges and Tunnels to secure debt of MTA or MTA Bridges and Tunnels. Subject to the provisions of such pledge, or in the event there is no such pledge, such revenues can be used by MTA for the payment of operating and capital costs of MTA, its subsidiaries and MTA New York City Transit and its subsidiary as MTA shall determine. Under the Transportation Resolution, the Aid Trust Account Monies constitute “Non-Pledged Operating Subsidies” that are not pledged to the payment of principal of and interest on the Transportation Revenue Bonds, unless and until and to the extent MTA allocates such moneys to the payment of debt service on the Transportation Revenue Bonds or Operating and Maintenance Expenses. Although MTA has allocated such monies so as to constitute Pledged

Revenues in prior years, no assurances can be given that MTA will allocate any of the Aid Trust Account Monies to the payment of debt service on the Transportation Revenue Bonds or Operating and Maintenance Expenses in the future.

MTA anticipates establishing a new credit secured in whole or in part by the PMT Revenues and the Aid Trust Account Monies. Such pledge would reduce the amounts of PMT Revenues and Aid Trust Account Monies available to constitute Operating Subsidies.

MTA currently expects that, unless and until amounts constituting the PMT Revenue Offset are pledged as part of the security for the new credit secured in whole or in part by PMT Revenues, such amounts would be treated as “Operating Subsidies” pledged to the payment of principal and interest on the Transportation Revenue Bonds.

***Station Maintenance and Service Reimbursements.*** MTA is reimbursed by the City and the seven counties in the MCTD with respect to commuter stations located in each respective jurisdiction for the cost of staffing the stations, maintaining the stations and appurtenant land and buildings, and insurance. In addition, the City provides for the policing of the Transit System and contributes to support MTA New York City Transit’s paratransit, senior-citizen and school children programs. Also, MTA Metro-North Railroad receives certain payments from the Connecticut Department of Transportation (CDOT) for its share of the operating deficits of the New Haven rail line.

***City Agreement with MTA Bus.*** In December 2004, the MTA Board approved a letter agreement with the City (the MTA Bus Letter Agreement) with respect to MTA Bus’ establishment and operation of certain bus routes (the MTA Bus System) in areas then served by seven private bus companies pursuant to franchises granted by the City. The City’s payments under the MTA Bus Letter Agreement are pledged to holders of the Transportation Revenue Bonds and are reflected in Tables 2 and 3 above. The MTA Bus Letter Agreement with the City provides for the following:

- A lease by the City to MTA Bus of the bus assets to operate the MTA Bus System.
- The City agrees to pay MTA Bus the difference between the actual cost of operation of the MTA Bus System (other than certain capital costs) and all revenues and subsidies received by MTA Bus and allocable to the operation of the MTA Bus System.
- If the City fails to timely pay any of the subsidy amounts due for a period of 30 days, MTA Bus has the right, after an additional 10 days, to curtail, suspend or eliminate service and may elect to terminate the agreement. The City can terminate the agreement on one year’s notice.

***Revenues from Investment Income and Miscellaneous.*** MTA earns income, as do its subsidiaries and affiliates, from the temporary investment of money held in those of MTA’s various funds and accounts that are pledged to holders of Transportation Revenue Bonds.

## **Factors Affecting Revenues**

***Ridership.*** The level of fare revenues depends to a large extent on MTA’s ability to maintain and/or increase ridership levels on the Transit, Commuter and MTA Bus Systems. Those ridership levels are affected by safety and the quality and efficiency of systems operations, as well as by financial and economic conditions in the New York metropolitan area.

***Fare Policy.*** MTA determines the rate or rates of fares charged to users of the Commuter System and MTA Bus System, and MTA New York City Transit and MaBSTOA, together with MTA, do the same for the Transit System. After adopting operating expense budgets and assessing the availability of governmental subsidies, each makes a determination of fares necessary to operate on a self-sustaining cash basis in compliance with State law and covenants in the Transportation Resolution. Considering the impact of

increased fares on riders and on the regional economy, MTA may attempt to reduce costs or obtain additional revenues from other sources, mainly governmental sources, before increasing fares. As a result, even though MTA does not generally need other governmental approvals before setting fares, the amount and timing of fare increases may be affected by the Federal, State and local government financial conditions, as well as by budgetary and legislative processes. MTA's obligation to obtain approval of fare increases on the New Haven line from CDOT can also affect the amount and timing of fare increases.

***Ability to Comply with Rate Covenant and Pay Operating and Maintenance Expenses.*** The Transit, Commuter and MTA Bus Systems have depended, and are expected to continue to depend, upon government subsidies to meet capital and operating needs. Thus, although MTA is legally obligated by the Transportation Resolution's rate covenant to raise fares sufficiently to cover all capital and operating costs, there can be no assurance that there is any level at which Transit, Commuter and MTA Bus Systems fares alone would produce revenues sufficient to comply with the rate covenant, particularly if the current level (or the assumed level in the budget prepared in connection with 2017 and the forecasts prepared in connection with 2018, 2019 and 2020) of collection of dedicated taxes, operating subsidies, and expense reimbursements were to be discontinued or substantially reduced.

***Operating Results and Projections.*** Based upon the February Financial Plan 2017-2020, the budgets of the Related Entities are expected to be substantially in balance through 2019, but there is a projected deficit in 2020. Any of the Transit System, the Commuter System or MTA Bus System or all of them may be forced to institute additional cost reductions (which, in certain circumstances, could affect service which, in turn, could adversely affect revenues) or take other additional actions to close projected budget gaps, which could include additional fare increases.

***Financial Plans.*** The February Financial Plan 2017-2020, the 2010-2014 Capital Program, the 2015-2019 Capital Program and prior and future Capital Programs are interrelated, and any failure to fully achieve the various components of these plans could have an adverse impact on one or more of the other proposals contained in the February Financial Plan 2017-2020, the 2010-2014 Capital Program, the 2015-2019 Capital Program and prior and future Capital Programs, as well as on pledged revenues. For a discussion of the February Financial Plan 2017-2020, see the third quarter update to the ADS, dated March 2, 2017, and incorporated by reference herein.

***MTA Bridges and Tunnels Operating Surplus.*** The amount of MTA Bridges and Tunnels operating surplus to be used for the Transit and Commuter Systems is affected by a number of factors, including traffic volume, the timing and amount of toll increases, the operating and capital costs of MTA Bridges and Tunnels Facilities, and the amount of debt service payable from its operating revenues, including debt service on obligations issued for the benefit of MTA's affiliates and subsidiaries and for MTA Bridges and Tunnels' own capital needs.

***Government Assistance.*** The level and timing of government assistance to MTA may be affected by several different factors, such as:

- Subsidy payments by the State may be made only if and to the extent that appropriations have been made by the Legislature and money is available to fund those appropriations.
- The Legislature may not bind or obligate itself to appropriate revenues during a future legislative session, and appropriations approved during a particular legislative session generally have no force or effect after the close of the State fiscal year for which the appropriations are made.
- The State is not bound or obligated to continue to pay operating subsidies to the Transit, Commuter or MTA Bus Systems or to continue to impose any of the taxes currently funding those subsidies.

- The financial condition of the State, the State of Connecticut, and the City and counties in the MCTD could affect the ability or willingness of such states and local governments to continue to provide general operating subsidies, the City and local governments to continue to provide reimbursements and station maintenance payments, and the State to continue to make special appropriations.
- Court challenges to the State taxes that are the sources of various State and City operating subsidies to MTA, if successful, could adversely affect the amount of pledged revenues generated by such State taxes.

***Information Relating to the State.*** Information relating to the State, including the Annual Information Statement of the State, as amended or supplemented, is not a part of this remarketing circular. Such information is on file with MSRB through EMMA with which the State was required to file, and the State has committed to update that information to the holders of its general obligation bonds in the manner specified in SEC Rule 15c2-12. Prospective purchasers of the Transportation Revenue Bonds wishing to obtain that information may refer to those filings regarding currently available information about the State. The State has not obligated itself to provide continuing disclosure in connection with the offering of the Transportation Revenue Bonds. MTA makes no representations about State information or its continued availability.

## **SECURITY**

### **General**

The Transportation Revenue Bonds, including the Subseries 2002D-2a Bonds, are MTA's special obligations payable as to principal (including sinking fund installments), redemption premium, if any, and interest from the security, sources of payment, and funds specified in the Transportation Resolution.

- The payment of principal (including sinking fund installments, if any), redemption premium, if any, and interest on Transportation Revenue Bonds is secured by, among other sources described below, the transportation revenues discussed in the preceding section "SOURCES OF PAYMENT," which are, together with certain other revenues, referred to as "pledged revenues."
- Holders of Transportation Revenue Bonds are to be paid prior to the payment, from pledged revenues, of operating or other expenses of MTA, MTA New York City Transit, MaBSTOA, MTA Long Island Rail Road, MTA Metro-North Railroad and MTA Bus. However, MTA's ability to generate major portions of the pledged revenues depends upon its payment of operating and other expenses.
- Transportation Revenue Bonds are not a debt of the State or the City, or any other local governmental unit.
- MTA has no taxing power.

Summaries of certain provisions of the Transportation Resolution and the form of the Interagency Agreement have been filed with the MSRB through EMMA. See "INTRODUCTION – Where to Find Information."

### **Pledge Effected by the Resolution**

The Transportation Resolution provides that there are pledged to the payment of principal and redemption premium of, interest on, and sinking fund installments for, the Transportation Revenue Bonds and Parity Debt, in accordance with their terms and the provisions of the Transportation Resolution the following, referred to as the "trust estate":

- all pledged revenues as described above;
- the net proceeds of certain agreements pledged by MTA to the payment of transit and commuter capital projects;
- the proceeds from the sale of Transportation Revenue Bonds, until those proceeds are paid out for an authorized purpose;
- all funds, accounts and subaccounts established by the Transportation Resolution (except those established by a supplemental obligation resolution for variable interest rate obligations, put obligations, parity debt, subordinated contract obligations or subordinated debt); and
- the Amended and Restated Interagency Agreement dated as of April 1, 2006, among MTA, MTA Long Island Rail Road, MTA Metro-North Railroad, MTA New York City Transit, MaBSTOA and MTA Bus.

The Trustee may directly enforce an undertaking to operate the Transit System, the Commuter System or the MTA Bus System to ensure compliance with the Transportation Resolution.

Under the Transportation Resolution, the operators of the Transit, Commuter and MTA Bus Systems are obligated to transfer to the Trustee for deposit into the Revenue Fund virtually all pledged revenues as soon as practicable following receipt or, with respect to revenues in the form of cash and coin, immediately after being counted and verified. The pledge of money located in the State of Connecticut may not be effective until that money is deposited under the Transportation Resolution.

### **Flow of Revenues**

The Transportation Resolution creates the following funds and accounts:

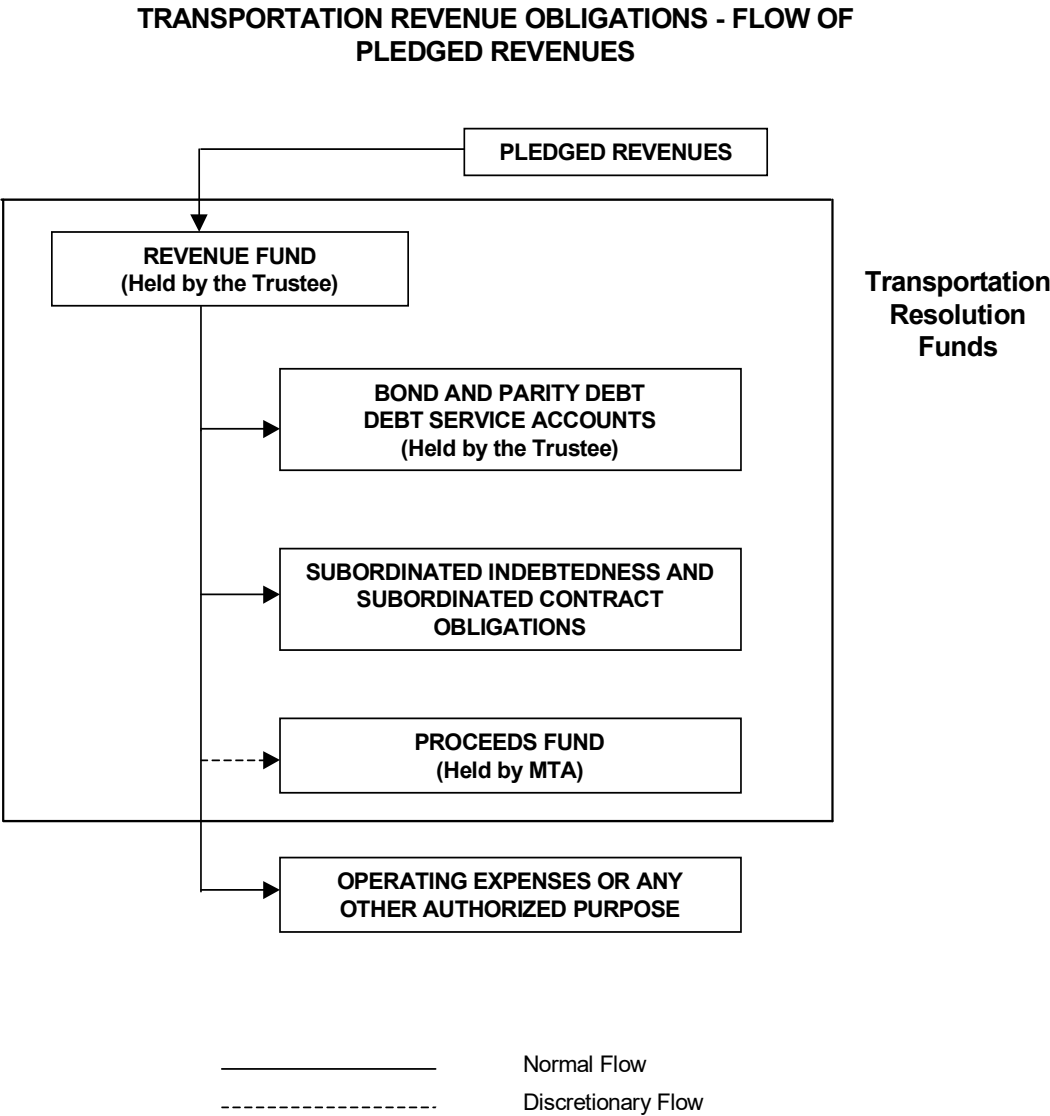

- Revenue Fund (held by the Trustee);
- Debt Service Fund (held by the Trustee); and
- Proceeds Fund (held by MTA).

The Transportation Resolution requires the Trustee, promptly upon receipt of the pledged revenues in the Revenue Fund, to deposit the revenues into the following funds and accounts, in the amounts and in the order of priority, as follows:

- to the debt service accounts, the net amount, if any, required to make the amount in the debt service accounts equal to the accrued debt service for Transportation Revenue Bonds and Parity Debt to the last day of the current calendar month;
- to pay, or accrue to pay, principal of and interest on any Subordinated Indebtedness or for payment of amounts due under any Subordinated Contract Obligation;
- to MTA for deposit in the Proceeds Fund, as directed by one of MTA's authorized officers, to fund Capital Costs of the Transit, Commuter and MTA Bus Systems; and
- to accounts held by MTA or any of the Related Transportation Entities for payment of operating expenses or any other authorized purpose.

All amounts paid out by MTA or the Trustee either for an authorized purpose (excluding transfers to any other pledged fund or account) or under the last bullet point above are free and clear of the lien and pledge created by the Transportation Resolution.

The following chart illustrates the basic elements of the flow of revenues described above:

## Covenants

**Rate Covenants.** MTA must fix the transit and commuter fares and other charges and fees to be sufficient, together with other money legally available or expected to be available, including from government subsidies –

- to pay the debt service on all the Transportation Revenue Bonds;
- to pay any Parity Debt;
- to pay any Subordinated Indebtedness and amounts due on any Subordinated Contract Obligations; and
- to pay, when due, all operating and maintenance expenses and other obligations of its transit and commuter affiliates and subsidiaries.

See “SOURCES OF PAYMENT - Factors Affecting Revenues” above.

### ***Operating and Maintenance Covenants.***

- MTA, MaBSTOA, MTA New York City Transit, MTA Metro-North Railroad, MTA Long Island Rail Road and MTA Bus are required at all times to operate, or cause to be operated, the systems properly and in a sound and economical manner and maintain, preserve, reconstruct and keep the same or cause the same to be maintained, preserved, reconstructed and kept in good repair, working order and condition.
- Nothing in the Transportation Resolution prevents MTA from ceasing to operate or maintain, or from leasing or disposing of, all or any portion of the systems if, in MTA’s judgment it is advisable to do so, but only if the operation is not essential to the maintenance and continued operation of the rest of the systems and this arrangement does not materially interfere with MTA’s ability to comply with MTA’s rate covenants.

**Additional Bonds.** The Transportation Resolution permits MTA to issue additional Transportation Revenue Bonds and to issue or enter into Parity Debt, from time to time, to pay or provide for the payment of qualifying costs, without meeting any specific debt-service-coverage level, as long as MTA certifies to meeting the rate covenant described above for the year in which the additional debt is being issued. Under the Transportation Resolution, MTA may only issue additional Transportation Revenue Bonds if those bonds are issued to fund projects pursuant to an approved MTA Capital Program, if an approved capital program is then required.

There is no covenant with Owners limiting the aggregate principal amount of additional Transportation Revenue Bonds or Parity Debt that MTA may issue. There is a limit under current State law that covers the Transportation Revenue Bonds and certain other securities. See Part 3 of the **ADS** under the caption “GENERAL – Financing of Capital Projects and Statutory Ceiling” for a description of the current statutory cap.

**Refunding Bonds.** MTA may issue Transportation Revenue Bonds to refund all or any portion of the Transportation Revenue Bonds or Parity Debt. Transportation Revenue Bonds may also be issued to refund any pre-existing indebtedness of any Related Entity issued to fund transit and commuter projects. The MTA Board has adopted a refunding policy which must be complied with prior to the issuance of any refunding bonds.

**Non-Impairment.** Under State law, the State has pledged to MTA that it will not limit or change MTA’s powers or rights in such a way that would impair the fulfillment of MTA’s promises to holders of the Transportation Revenue Bonds.

***No Bankruptcy.*** State law specifically prohibits MTA, its Transit System affiliates, its Commuter System subsidiaries or MTA Bus from filing a bankruptcy petition under Chapter 9 of the Federal Bankruptcy Code. As long as any Transportation Revenue Bonds are outstanding, the State has covenanted not to change the law to permit MTA or its affiliates or subsidiaries to file such a petition. Chapter 9 does not provide authority for creditors to file involuntary bankruptcy proceedings against MTA or other Related Entities.

#### **Parity Debt**

MTA may incur Parity Debt pursuant to the terms of the Transportation Resolution that, subject to certain exceptions, would be secured by a pledge of, and a lien on, the Trust Estate on a parity with the lien created by the Transportation Resolution with respect to Transportation Revenue Bonds. Parity Debt may be incurred in the form of a Parity Reimbursement Obligation, a Parity Swap Obligation or any other contract, agreement or other obligation of MTA designated as constituting “Parity Debt” in a certificate of an Authorized Officer delivered to the Trustee.

### **PART III. OTHER INFORMATION ABOUT THE SUBSERIES 2002D-2a BONDS**

**Part III** of this remarketing circular provides miscellaneous additional information relating to the Subseries 2002D-2a Bonds.

#### **TAX MATTERS**

##### **General**

On March 30, 2002, Hawkins Delafield & Wood LLP, as bond counsel to MTA, delivered the opinion set forth as **Attachment 3-1** in connection with the original issuance of the Series 2002D Bonds. On May 25, 2011, Hawkins Delafield & Wood LLP, as bond counsel to MTA, delivered the opinion set forth as **Attachment 3-2** (the Reissuance Opinion) in connection with the remarketing of the Subseries 2002D-2 Bonds, which remarketing was deemed a reissuance for federal tax purposes. On May 27, 2014, Nixon Peabody LLP, as bond counsel to MTA, delivered the opinion set forth in **Attachment 3-3** (the Remarketing Opinion). Each of the foregoing opinions (collectively referred to herein as the Prior Opinions) speaks only as of its respective date, only as to the matters expressly stated and none of such opinions is being re-delivered.

The Reissuance Opinion concluded that under existing law, as of its date, relying on certain statements by MTA and assuming compliance by MTA with certain covenants, that interest on the Subseries 2002D-2 Bonds is:

- excluded from a bondholder's federal gross income under the Internal Revenue Code of 1986, and
- not a preference item for a bondholder under the federal alternative minimum tax, although it is included in the adjusted current earnings of certain corporations for purposes of calculating the federal corporate alternative minimum tax.

The Reissuance Opinion also concluded that, under then existing law, as of its date, interest on the Subseries 2002D-2 Bonds is exempt from personal income taxes of the State and any political subdivisions of the State, including the City.

The Remarketing Opinion concluded that, under then existing law, as of its date, the mandatory tender and remarketing of the Subseries 2002D-2 Bonds and the redesignation of the Subseries 2002D-2 Bonds as the Subseries 2002D-2a Bonds and the Subseries 2002D-2b Bonds would not adversely affect for federal and State income tax purposes the tax treatment on the Subseries 2002D-2 Bonds.

Neither current Co-Bond Counsel to MTA nor prior bond counsel is rendering an opinion on the current tax status of any of the Subseries 2002D-2a Bonds.

##### **The Subseries 2002D-2a Bonds**

The Internal Revenue Code of 1986 imposes requirements on the Subseries 2002D-2a Bonds that MTA must continue to meet after the Subseries 2002D-2a Bonds were issued (or reissued for federal tax purposes). These requirements generally involve the way that Subseries 2002D-2a Bond proceeds must be invested and ultimately used. If MTA does not meet these requirements, it is possible that a bondholder may have to include interest on the Subseries 2002D-2a Bonds in its federal gross income on a retroactive basis to the date of issue. MTA has covenanted to do everything necessary to meet the requirements of the Internal Revenue Code of 1986.

An Owner who is a particular kind of taxpayer may also have additional tax consequences from owning the Subseries 2002D-2a Bonds. This is possible if an Owner is

- an S corporation,

- a United States branch of a foreign corporation,
- a financial institution,
- a property and casualty or a life insurance company,
- an individual receiving Social Security or railroad retirement benefits,
- an individual claiming the earned income credit or
- a borrower of money to purchase or carry the Subseries 2002D-2a Bonds.

If an Owner is in any of these categories, it should consult its tax advisor.

Neither Hawkins Delafield & Wood LLP nor Nixon Peabody LLP is responsible for updating their respective opinions after the date such opinions were provided. Although it is not possible to predict, as of the delivery of the Prior Opinions, it is possible that something may have happened or may happen in the future that could change the tax treatment of the interest on the Subseries 2002D-2a Bonds or affect the market price of the Subseries 2002D-2a Bonds.

Neither Hawkins Delafield & Wood LLP nor Nixon Peabody LLP express any opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Subseries 2002D-2a Bonds or under State, local or foreign tax law.

### **Information Reporting and Backup Withholding**

Information reporting requirements apply to interest paid on tax-exempt obligations, such as the Subseries 2002D-2a Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Internal Revenue Code of 1986. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an Owner purchasing a Subseries 2002D-2a Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Subseries 2002D-2a Bonds from gross income for federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the Owner's federal income tax once the required information is furnished to the Internal Revenue Service.

### **Miscellaneous**

Legislative or administrative actions and court decisions, at either the federal or state level, may cause interest on the Subseries 2002D-2a Bonds to be subject, directly or indirectly, in whole or in part, to federal, state or local income taxation, and thus have an adverse impact on the value or marketability of the Subseries 2002D-2a Bonds. This could result from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), repeal of the exclusion of the interest on the Subseries 2002D-2a Bonds from gross income for federal or state income tax purposes, or otherwise. For example, presidential budget proposals in recent years have proposed legislation that would limit the extent of the exclusion from gross income of interest on obligations of states and political subdivisions under Section 103 of the Internal Revenue Code of 1986 (including the Subseries 2002D-2a Bonds) for taxpayers whose income exceeds certain thresholds. It is not possible to predict whether any

legislative or administrative actions or court decisions having an adverse impact on the federal or state income tax treatment of holders of the Subseries 2002D-2a Bonds may occur. Prospective purchasers of the Subseries 2002D-2a Bonds should consult their own tax advisors regarding the impact of any change in law on the Subseries 2002D-2a Bonds.

Prospective Owners should consult their own tax advisors regarding the foregoing matters.

### **LEGALITY FOR INVESTMENT**

The MTA Act provides that the Subseries 2002D-2a Bonds are securities in which the following investors may properly and legally invest funds, including capital in their control or belonging to them:

- all public officers and bodies of the State and all municipalities and political subdivisions in the State,
- all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business,
- all administrators, guardians, executors, trustees and other fiduciaries, and
- all other persons whatsoever who are now or who may hereafter be authorized to invest in the obligations of the State.

Certain of those investors, however, may be subject to separate restrictions that limit or prevent their investment in the Subseries 2002D-2a Bonds.

### **LITIGATION**

There is no pending litigation concerning the Subseries 2002D-2a Bonds.

MTA is the defendant in numerous claims and actions, as are its affiliates and subsidiaries, including MTA New York City Transit, MaBSTOA, MTA Long Island Rail Road, MTA Metro-North Railroad, MTA Bus and MTA Bridges and Tunnels. Certain of these claims and actions, either individually or in the aggregate, are potentially material to MTA, its affiliates or subsidiaries. MTA does not believe that any of these claims or actions would affect the application of the sources of payment for the Subseries 2002D-2a Bonds. A summary of certain of these potentially material claims and actions is set forth in Part 6 of the ADS under the caption "LITIGATION," as that filing may be amended or supplemented to date.

### **FINANCIAL ADVISORS**

Public Resources Advisory Group, Inc. and Backstrom McCarley Berry & Co., LLC are MTA's co-financial advisors for the Subseries 2002D-2a Bonds. The co-financial advisors have provided MTA advice on the plan of financing and reviewed the pricing of the Subseries 2002D-2a Bonds. The co-financial advisors have not independently verified the information contained in this remarketing circular and do not assume responsibility for the accuracy, completeness or fairness of such information.

### **REMARKETING**

The Subseries 2002D-2a Bonds are being remarketed by the remarketing agents shown on the cover hereof (the Remarketing Agents), acting through RBC Capital Markets, LLC as representative, at prices that are not in excess of the price stated on the cover of this remarketing circular. The Remarketing Agents will be paid a separate fee as compensation for services rendered in connection with the remarketing of the Subseries 2002D-2a Bonds.

The Remarketing Agents and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the Remarketing Agents and their respective affiliates have, from time to time, performed, and may in the future perform, various investment banking services for MTA, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Remarketing Agents and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities, which may include credit default swaps) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of MTA. The Remarketing Agents and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

MTA has furnished information to each rating agency rating the bonds being offered, including information not included in this remarketing circular, about MTA and the bonds. Generally, rating agencies base their ratings on that information and on independent investigations, studies and assumptions made by each rating agency. A securities rating is not a recommendation to buy, sell or hold securities. There can be no assurance that ratings will continue for any given period of time or that they will not be revised downward or withdrawn entirely by a rating agency if, in the judgment of that rating agency, circumstances warrant the revision or withdrawal. Those circumstances may include, among other things, changes in or unavailability of information relating to MTA or the bonds. Any downward revision or withdrawal of a rating may have an adverse effect on the market price of the bonds.

DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

3. Purchases of Subseries 2002D-2a Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Subseries 2002D-2a Bonds on DTC's records. The ownership interest of each actual purchaser of each Subseries 2002D-2a Bond (Beneficial Owner) is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Subseries 2002D-2a Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Subseries 2002D-2a Bonds, except in the event that use of the book-entry system for the Subseries 2002D-2a Bonds is discontinued.

4. To facilitate subsequent transfers, all Subseries 2002D-2a Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Subseries 2002D-2a Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Subseries 2002D-2a Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such

Subseries 2002D-2a Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Subseries 2002D-2a Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Subseries 2002D-2a Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Subseries 2002D-2a Bond documents. For example, Beneficial Owners of the Subseries 2002D-2a Bonds may wish to ascertain that the nominee holding the Subseries 2002D-2a Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

6. Redemption notices shall be sent to DTC. If less than all of the Subseries 2002D-2a Bonds of any maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Subseries 2002D-2a Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to MTA as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Subseries 2002D-2a Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds and principal and interest payments on the Subseries 2002D-2a Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from MTA or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee or MTA, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of MTA or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as depository with respect to the Subseries 2002D-2a Bonds at any time by giving reasonable notice to MTA or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, certificates for the Subseries 2002D-2a Bonds are required to be printed and delivered.

10. MTA may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, certificates for the Subseries 2002D-2a Bonds will be printed and delivered.

THE ABOVE INFORMATION CONCERNING DTC AND DTC'S BOOK-ENTRY-ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT MTA BELIEVES TO BE RELIABLE, BUT MTA TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF.

In addition, if all or any part of Rule 15c2-12 ceases to be in effect for any reason, then the information required to be provided under the undertaking insofar as the provision of Rule 15c2-12 no longer in effect required the provision of such information shall no longer be required to be provided.

MTA does not anticipate that it often will be necessary to amend the undertaking. The undertaking, however, may be amended or modified under certain circumstances set forth therein and the undertaking will continue until the earlier of the date the Subseries 2002D-2a Bonds have been paid in full or legally defeased pursuant to the Transportation Resolution or the date the undertaking is no longer required by law. **FORM OF OPINION OF HAWKINS DELAFIELD & WOOD LLP  
DELIVERED ON MAY 30, 2002, IN CONNECTION WITH  
THE ISSUANCE OF THE SERIES 2002D BONDS.**

**THE BELOW OPINION IS NOT BEING REISSUED  
AND SPEAKS ONLY AS OF ITS DATE.**

May 30, 2002

Metropolitan Transportation Authority  
347 Madison Avenue  
New York, New York 10017

Ladies and Gentlemen:

We have examined a certified record of proceedings of the Metropolitan Transportation Authority (the "MTA") and other proofs submitted to us relative to the issuance of \$400,000,000 aggregate principal amount of Metropolitan Transportation Authority Transportation Revenue Variable Rate Refunding Bonds, Series 2002D (the "Series 2002D Bonds").

All terms defined in the Resolution (hereinafter defined) and used herein shall have the meanings assigned in the Resolution, except where the context hereof requires otherwise.

The Series 2002D Bonds are issued under and pursuant to the Constitution and statutes of the State (the "State"), including the Metropolitan Transportation Authority Act, being Title 11 of Article 5 of the Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State of New York, as amended to the date of this opinion letter (herein called the "Issuer Act"), and under and pursuant to proceedings of MTA duly taken, including a resolution adopted by the members of MTA on March 26, 2002 entitled "General Resolution Authorizing Transportation Revenue Obligations", as supplemented by a resolution of said members adopted on March 26, 2002 (collectively, the "Resolution").

The Series 2002D Bonds are dated, mature, are payable, bear interest and are subject to redemption, all as provided in the Resolution.

A portion of the proceeds of the Series 2002D Bonds is being used to refund certain of the outstanding bonds of MTA and the Transit Authority issued, in the case of MTA, pursuant to the Transit Resolution, and in the case of the Transit Authority, pursuant to the Livingston Plaza Resolution (the Transit Resolution and the Livingston Plaza Resolution, collectively, the "Prior Lien Resolutions"), such bonds having been issued in multiple series and as described in the hereinafter defined Escrow Agreements as being refunded with proceeds of the Series 2002D Bonds (collectively, the "Refunded Bonds"). A portion of the proceeds of the Series 2002D Bonds together with any other amounts made available by MTA (collectively, the "Defeasance Deposit") has been used to purchase direct obligations of the United States of America in an aggregate amount sufficient, together with any amounts held uninvested, to pay when due the principal or applicable redemption price of and interest due and to become due on said Refunded Bonds (the "Defeasance Requirement"). Such Defeasance Deposit is being held in trust under escrow agreements, each dated May 30, 2002 (collectively, the "Escrow Agreements"), by and between MTA or the Transit Authority, as applicable, and JPMorgan Chase Bank, as escrow agent thereunder and as trustee under each of the Prior Lien Resolutions (the "Prior Trustees"). The MTA and the Transit Authority, as applicable, have given the Prior Trustees, in form satisfactory to them, irrevocable instructions to give notice in accordance with each of the Prior Lien Resolutions of the redemption of those Refunded Bonds being redeemed prior to maturity and the deposit of the Defeasance Deposit. Samuel Klein & Co., certified public accountants, have prepared a report stating that

they have reviewed the accuracy of the mathematical computations of the adequacy of the Defeasance Deposit, as invested, to pay in full the Defeasance Requirement when due. We have undertaken no independent verification of the adequacy of the Defeasance Deposit.

The Internal Revenue Code of 1986, as amended (the "Code"), establishes certain requirements that must be met subsequent to the issuance and delivery of the Series 2002D Bonds in order that interest on the Series 2002D Bonds be and remain excluded from gross income for federal income tax purposes under Section 103 of the Code. We have examined the Arbitrage and Use of Proceeds Certificate of the MTA, dated the date hereof (the "Arbitrage and Use of Proceeds Certificate"), in which the MTA has made representations, statements of intention and reasonable expectation, certifications of fact and covenants relating to the federal tax status of interest on the Series 2002D Bonds, including, but not limited to, certain representations with respect to the use of the proceeds of the Series 2002D Bonds and the investment of certain funds. The Arbitrage and Use of Proceeds Certificate obligates the MTA to take certain actions necessary to cause interest on the Series 2002D Bonds to be excluded from gross income pursuant to Section 103 of the Code. Noncompliance with the requirements of the Code may cause interest on the Series 2002D Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance, irrespective of the date on which such noncompliance occurs or is ascertained. The MTA has covenanted in the Resolution to maintain the exclusion of the interest on the Series 2002D Bonds from gross income for federal income tax purposes pursuant to Section 103(a) of the Code.

In rendering the opinion in paragraph 6 hereof, we have relied upon and assumed (i) the material accuracy of the representations, statements of intention and reasonable expectation and certifications of fact contained in the Arbitrage and Use of Proceeds Certificate with respect to matters affecting the exclusion from gross income for federal income tax purposes pursuant to Section 103 of the Code of interest on the Series 2002D Bonds, and (ii) compliance by the MTA with procedures and covenants set forth in the Arbitrage and Use of Proceeds Certificate as to such tax matters.

We have also examined one of said Series 2002D Bonds as executed and, in our opinion, the form of said Series 2002D Bond and its execution are regular and proper.

We are of the opinion that:

1. MTA is duly created and validly existing under the laws of the State, including the Constitution of the State and the Issuer Act.

2. MTA has the right and power under the Issuer Act to adopt the Resolution. The Resolution has been duly and lawfully adopted by MTA, is in full force and effect, is valid and binding upon MTA, and is enforceable in accordance with its terms, and no other authorization for the Resolution is required. The Resolution creates the valid pledge which it purports to create of the Trust Estate, subject only to the provisions of the Resolution permitting the application thereof for the purposes and on the terms and conditions set forth in the Resolution, including the prior pledge of any Prior Lien Obligations which remain outstanding. We express no opinion as to the effectiveness of the pledge of moneys located in the State of Connecticut until such moneys are deposited in the Revenue Fund.

3. The Series 2002D Bonds have been duly and validly authorized and issued in accordance with the laws of the State, including the Constitution of the State and the Issuer Act, and in accordance with the Resolution, and are valid and binding special obligations of MTA, enforceable in accordance with their terms and the terms of the Resolution, payable solely from the Trust Estate as provided in the Resolution, and are entitled to the benefits of the Issuer Act and the Resolution. MTA has no taxing power and the Series 2002D Bonds are not debts of the State or of any other political subdivision thereof. MTA reserves the right to issue additional Obligations and to incur Parity Debt on the terms and conditions, and for the purposes, provided in the Resolution, on a parity as to security and payment with the Series 2002D Bonds.

4. The Interagency Agreement has been duly and lawfully authorized, executed and delivered by MTA and the other parties thereto, is in full force and effect, is valid and binding upon MTA and the other parties thereto, and is enforceable in accordance with its terms.

5. The Series 2002D Bonds are securities in which all public officers and bodies of the State and all municipalities and political subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons who are or may be authorized to invest in bonds or other obligations of the State, may properly and legally invest funds including capital in their control or belonging to them to the extent that the legality of such investment is governed by the laws of the State; and which may be deposited with and shall be received by all public officers and bodies of the State and all municipalities and political subdivisions for any purpose for which the deposit of bonds or other obligations of the State is or may be authorized.

6. Under existing statutes and court decisions (i) interest on the Series 2002D Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Code, and (ii) interest on the Series 2002D Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations.

7. Under existing statutes, interest on the Series 2002D Bonds is exempt from personal income taxes imposed by the State or any political subdivision thereof.

8. The Escrow Agreements have each been duly authorized, executed and delivered by MTA, or the Transit Authority, as applicable, and, assuming the due authorization, execution and delivery of each of them by the Prior Trustees, each of the Escrow Agreements is a valid and binding obligation of MTA, or the Transit Authority, as applicable, enforceable in accordance with its respective terms. The Refunded Bonds have been paid within the meaning and with the effect expressed in the Prior Lien Resolutions, and the covenants, agreements and other obligations of MTA, or the Transit Authority, as applicable, to the holders of the Refunded Bonds have been discharged and satisfied.

The opinions expressed in paragraphs 2, 3 and 4 above are subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws heretofore or hereafter enacted affecting creditors' rights and are subject to the application of principles of equity relating to or affecting the enforcement of contractual obligations, whether such enforcement is considered in a proceeding in equity or at law.

Except as stated in paragraphs 6 and 7, we express no opinion regarding any other federal, state, local or foreign tax consequences with respect to the Series 2002D Bonds. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Series 2002D Bonds, or under state, local and foreign tax law.

We express no opinion as to the accuracy or sufficiency of any financial or other information which has been or will be supplied to purchasers of the Series 2002D Bonds.

This opinion letter is rendered solely with regard to the matters expressly opined on above and does not consider or extend to any documents, agreements, representations or other material of any kind not specifically opined on above. No other opinions are intended nor should they be inferred. This opinion letter is issued as of the date hereof, and we assume no obligation to update, revise or supplement this opinion letter to reflect any future actions, facts or circumstances that may hereafter come to our attention, or any changes in law, or in interpretations thereof, that may hereafter occur, or for any reason whatsoever.

Very truly yours,

May 25, 2011

Metropolitan Transportation Authority  
347 Madison Avenue  
New York, New York 10017

Ladies and Gentlemen:

We have examined a certified record of proceedings of the Metropolitan Transportation Authority (the “MTA”) and other proofs submitted to us relative to the remarketing of \$200,000,000 aggregate principal amount of Metropolitan Transportation Authority Transportation Revenue Variable Rate Refunding Bonds, Subseries 2002D-2 (the “Subseries 2002D-2 Bonds”).

All terms defined in the Resolution (hereinafter defined) and used herein shall have the meanings assigned in the Resolution, except where the context hereof requires otherwise.

The Series 2002D-2 Bonds were issued under and pursuant to the Constitution and statutes of the State (the “State”), including the Metropolitan Transportation Authority Act, being Title 11 of Article 5 of the Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State of New York, as amended to the date of this opinion letter (herein called the “Issuer Act”), and under and pursuant to proceedings of MTA duly taken, including a resolution adopted by the members of MTA on March 26, 2002 entitled “General Resolution Authorizing Transportation Revenue Obligations”, as supplemented by a resolution of said members adopted on March 26, 2002, including as supplemented by the Certificate of Determination of the MTA dated May 30, 2002, as amended by the Amendment to the Certificate of Determination Relating to Transportation Revenue Refunding Bonds, Subseries 2002D-2, (the “Amendment”) dated May 25, 2011 (collectively, the “Resolution”).

The Series 2002D-2 Bonds are dated, mature, are payable, bear interest and are subject to redemption, all as provided in the Resolution.

The Internal Revenue Code of 1986, as amended (the “Code”), establishes certain requirements that must be met subsequent to the issuance and delivery of the Series 2002D-2 Bonds in order that interest on the Series 2002D-2 Bonds be and remain excluded from gross income for federal income tax purposes under Section 103 of the Code. We have examined the Arbitrage and Use of Proceeds Certificate of the MTA, dated the date hereof (the “Arbitrage and Use of Proceeds Certificate”), in which the MTA has made representations, statements of intention and reasonable expectation, certifications of fact and covenants relating to the federal tax status of interest on the Series 2002D-2 Bonds, including, but not limited to, certain representations with respect to the use of the proceeds of the Series 2002D-2 Bonds and the investment of certain funds. The Arbitrage and Use of Proceeds Certificate obligates the MTA to take certain actions necessary to cause interest on the Series 2002D-2 Bonds to be excluded from gross income pursuant to Section 103 of the Code. Noncompliance with the requirements of the Code may cause interest on the Series 2002D-2 Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance, irrespective of the date on which such noncompliance occurs or is ascertained. The MTA has covenanted in the Resolution to

maintain the exclusion of the interest on the Series 2002D-2 Bonds from gross income for federal income tax purposes pursuant to Section 103(a) of the Code.

In rendering the opinion in paragraph 1 hereof, we have relied upon and assumed (i) the material accuracy of the representations, statements of intention and reasonable expectation and certifications of fact contained in the Arbitrage and Use of Proceeds Certificate with respect to matters affecting the exclusion from gross income for federal income tax purposes pursuant to Section 103 of the Code of interest on the Series 2002D-2 Bonds, and (ii) compliance by the MTA with procedures and covenants set forth in the Arbitrage and Use of Proceeds Certificate as to such tax matters.

We have also examined one of said Series 2002D-2 Bonds as executed and, in our opinion, the form of said Series 2002D-2 Bond and its execution are regular and proper.

We are of the opinion that:

1. Under existing statutes and court decisions (i) interest on the Series 2002D-2 Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Code, and (ii) interest on the Series 2002D-2 Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations.

2. Under existing statutes, interest on the Series 2002D-2 Bonds is exempt from personal income taxes imposed by the State or any political subdivision thereof.

3. The Amendment, and the following agreements (collectively, the “Agreements”) each as defined in the Amendment, namely, the Continuing Covenants Agreement, the Cancellation Agreement and the Calculation Agent Agreement have each been duly authorized, executed and delivered by MTA and, the Agreements, assuming the due authorization, execution and delivery of each of them by the other parties thereto, are each valid and binding obligations of MTA, enforceable in accordance with its respective terms.

The opinions expressed in paragraph 3 above are subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws heretofore or hereafter enacted affecting creditors’ rights and are subject to the application of principles of equity relating to or affecting the enforcement of contractual obligations, whether such enforcement is considered in a proceeding in equity or at law.

Except as stated in paragraphs 1 and 2, we express no opinion regarding any other federal, state, local or foreign tax consequences with respect to the Series 2002D-2 Bonds. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the federal income tax treatment of interest on the Series 2002D-2 Bonds, or under state, local and foreign tax law.

We express no opinion as to the accuracy or sufficiency of any financial or other information which has been or will be supplied to purchasers of the Series 2002D-2 Bonds.

This opinion letter is rendered solely with regard to the matters expressly opined on above and does not consider or extend to any documents, agreements, representations or other material of any kind not specifically opined on above. No other opinions are intended nor should they be inferred. This opinion letter is issued as of the date hereof, and we assume no obligation to update, revise or supplement this opinion letter to reflect any future actions, facts or circumstances that may hereafter come to our attention, or any changes in law, or in interpretations thereof, that may hereafter occur, or for any reason whatsoever

On May 30, 2002, in connection with the issuance by Metropolitan Transportation Authority (“MTA”) of \$400,000,000 aggregate principal amount of its Metropolitan Transportation Authority Transportation Revenue Variable Rate Refunding Bonds, Series 2002D (the “Series 2002D Bonds”), including \$200,000,000 aggregate principal amount of its Transportation Revenue Variable Rate Refunding Bonds, Subseries 2002D-2 (the “Original Subseries 2002D-2 Bonds”), Hawkins, Delafield & Wood LLP delivered their opinion as bond counsel for the Metropolitan Transportation Authority (“MTA”). On May 25, 2011, Hawkins, Delafield & Wood LLP delivered their opinion as bond counsel for MTA related to the remarketing by MTA of the Original Subseries 2002D-2 Bonds.

The Original Subseries 2002D-2 Bonds were issued and are secured under and pursuant to the Transportation Revenue Resolution of the MTA, adopted on March 26, 2002, as supplemented and amended to the date thereof (the “Original Resolution”), as amended and supplemented to the date of issuance thereof, including by a resolution adopted on March 26, 2002 (collectively with the Original Resolution, the “Transportation Resolution”), along with a Certificate of Determination relating to the Original Subseries 2002D-2 Bonds, dated May 30, 2002, as subsequently amended on May 25, 2011 (the “Certificate of Determination”).

All capitalized terms used in this opinion shall have the respective meanings set forth in the Resolution unless otherwise defined herein.

On the date hereof (the “Mandatory Tender Date”), MTA is effecting a mandatory tender of the Original Subseries 2002D-2 Bonds. On the Mandatory Tender Date, (i) the Original Subseries 2002D-2 Bonds will be subject to mandatory tender at a purchase price equal to the principal amount thereof, plus accrued interest to, but not including, the Mandatory Tender Date, and (ii) MTA will redesignate the Subseries 2002D-2 Bonds as Subseries D-2a (Floating Rate Tender Notes) and Subseries D-2b (Floating Rate Tender Notes). In order to effectuate such redesignation, the Certificate of Determination will be amended.

In order for MTA to effectuate the remarketing described above, MTA was required to provide to the Trustee a Mandatory Tender Notice pursuant to Section A-404 of Appendix A to the Certificate of Determination (the “Mandatory Tender Notice”). In accordance with such requirement, the Trustee

disseminated the Mandatory Tender Notice to the owners of the Original Subseries 2002D-2 Bonds at least fifteen days prior to the date hereof.

Based on the foregoing, we are of the opinion that the mandatory tender and remarketing of the Subseries 2002D-2 Bonds and the amendment of the Certificate of Determination are permitted under the Issuer Act and the Resolution and, furthermore, the foregoing action will not impair the exclusion of interest on the Subseries 2002D-2 Bonds for purposes of federal income taxation. We express no opinion as to the accuracy, adequacy or sufficiency of any financial or other information which has been or will be supplied to purchasers of the Subseries 2002D-2 Bonds.

Except as necessary to render this opinion, we have undertaken no investigation as to matters affecting the exclusion of interest on the Subseries 2002D-2 Bonds from gross income for Federal income tax purposes since the date of their issuance. In delivering this opinion, we have assumed with respect to the Subseries 2002D-2 Bonds, without investigation, that MTA is in compliance with its covenants and agreements under the Resolution and that the proceeds of the Subseries 2002D-2 Bonds were applied in accordance with the Resolution and the tax certificates of MTA delivered in connection therewith. Failure of MTA to have so complied or to have so applied the proceeds of the Subseries 2002D-2 Bonds, or to so comply, could adversely affect the exclusion of interest on the Subseries 2002D-2 Bonds from gross income for Federal income tax purposes. We are expressing no opinion herein as to whether any matter, action, other than the actions described in the preceding paragraph above, or omission subsequent to such date of issuance may have adversely affected the exclusion of interest on the Subseries 2002D-2 Bonds from gross income for Federal income tax purposes.

This opinion is rendered solely with regard to the matters expressly opined on above and does not consider or extend to any documents, agreements, representations or other material of any kind not specifically opined on above. No other opinions are intended nor should they be inferred. This opinion is issued as of the date hereof, and we assume no obligation to update, revise or supplement this opinion to reflect any action hereafter taken or not taken, or any facts or circumstances or any changes in law, or in interpretations thereof, that may hereafter arise or occur, or for any other reason.

Very truly yours,

#### **Bond Insurance Policy**

Concurrently with the issuance of the Subseries 2002D-2a Bonds, Assured Guaranty Municipal Corp. (“AGM”) issued its Municipal Bond Insurance Policy for the Subseries 2002D-2a Bonds (the “Policy”). The Policy guarantees the scheduled payment of principal of and interest on the Subseries 2002D-2a Bonds when due as set forth in the form of the Policy included as an exhibit to this remarketing circular.

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

AGL, through its operating subsidiaries, provides credit enhancement products to the U.S. and global public finance, infrastructure and structured finance markets. The above ratings are not recommendations to buy, sell or hold any security, and such ratings are subject to revision or withdrawal at any time by the rating agencies, including withdrawal initiated at the request of AGM in its sole discretion. In addition, the rating agencies may at any time change AGM’s long-term rating outlooks or place such ratings on a watch list for possible downgrade in the near term. Any downward revision or withdrawal of any of the above ratings, the assignment of a negative outlook to such ratings or the placement of such ratings on a negative watch list may have an adverse effect on the market price of any security guaranteed by AGM. AGM only guarantees scheduled principal and scheduled interest payments payable by the issuer of bonds insured by AGM on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the relevant insurance policy), and does not guarantee the market price or liquidity of the securities it insures, nor does it guarantee that the ratings on such securities will not be revised or withdrawn.

("Financial Security"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of Financial Security, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

Upon disbursement in respect of a Bond, Financial Security shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by Financial Security hereunder. Payment by Financial Security to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of Financial Security under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless Financial Security shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the

United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to Financial Security which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

Financial Security may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to Financial Security pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to Financial Security and shall not be deemed received until received by both and (b) all payments required to be made by Financial Security under this Policy may be made directly by Financial Security or by the Insurer's Fiscal Agent on behalf of Financial Security. The Insurer's Fiscal Agent is the agent of Financial Security only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of Financial Security to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, Financial Security agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to Financial Security to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of Financial Security, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked.
